PREFACE

Under Article 171 of the Constitution of Islamic Republic of Pakistan, 1973 read with Rules 177 and 203 of Rule of Procedure and Conduct of Business in the National Assembly 2007, the Annual Report of the Auditor General of Pakistan relating to the Accounts of the Federation for the year 2002-03 was referred to the Public Accounts Committee for examining the appropriation of the sums granted by the Assembly for the expenditure of the Government to ensure transparency through parliamentary oversight.

In view of the backlog of Audit Reports, the PAC had taken initiative to constitute sub-committees with the distribution of work on yearly basis. The sub-committee-II headed by Syed Naveed Qamar, MNA was allocated the Audit year 2002-03 for discussion. The Committee had extensive meaningful meetings on the Audit Report where cooperation of Audit and the Ministries/Divisions paved the way for the committee to complete this hard task by submitting its draft report to the Public Accounts Committee, (PAC).

The accomplishment of this exercise is outcome of sincerity, hard work and enthusiasm of the Hon. Members of the Public Accounts Committee. They under the zealous support of the Hon. Chairman were able to complete the assignment. During whole of the exercise, Syed Khursheed Ahmed Shah, Chairman, Public Accounts Committee remained key strength, who provided motivation to the PAC Wing to channelize its working into the right direction.

The drafting, preparation and printing of this Report has been made possible due to the extensive cooperation and hard work of the officers/staff of the Public Accounts Committee Wing of the National Assembly.

I am confident that the suggestions and recommendations of the Committee would encourage and assist the Government in strengthening the system and procedure for the efficient financial management and transparency.

EXECUTIVE SUMMARY

The Public Accounts Committee (PAC) signifies one of the essential constituents of Parliamentary dominion which is the accountability of Public money. For this, it examines the Appropriation Accounts/Audit Reports/Special Audit Reports which are referred to the Parliament by the President of Pakistan. The examination of Auditor General's Reports pertaining to the Ministries, Divisions, Corporations and other autonomous and semi- Autonomous bodies is one of the main functions of the PAC.

The current PAC inherited a huge backlog of about eight years of Audit Reports. This backlog demanded the PAC to constitute Committees to examine the pending Audit Reports. To clear the backlog, PAC constituted four Committees including the Sub Committee-II on 15th January, 2014. The Sub Committee-II was assigned the Audit Reports for the year 2002-03 and 2003-04 under the Convenership of Honorable Syed Naveed Qamar, MNA. The Committee initially started examination of both the Audit Reports, however, the Audit Report for the year 2002-03 was focused by the Committee to ensure its timely presentation in the House. The Committee continued its efforts to achieve its assigned tasks and was successful in doing so. It is also worth mentioning that some of the Ministries examined by the then Sub-Committee of 13th PAC headed by Mr. Zahid Hamid, MNA in the year 2011 have also been made part of this report under Rule 205 of Rules of Procedure and Conduct of Business in the National Assembly, 2007.

This report comprises the Grants and Audit Paras pertaining to the Appropriation accounts/Audit Reports/Special Audit Reports for the year 2002-03 and the same has been adopted unanimously by the PAC in its meeting held on 27th March, 2018.

➤ **Objectives and Scope**

- a. The President causes the Reports of the Auditor General relating to the Federation to be laid before the Parliament according to Article 171 of the Constitution of the Islamic Republic of Pakistan.
- b. The Committee carries out its functions according to the Rule 203 of Rules of Procedure and Conduct of Business in the National Assembly, 2007.
- c. The Committee has powers to take evidence or call for papers, records or documents according to Rule 227 of the Rules ibid.

➤ **Key Observations**

During the meetings, following key observations came in the notice of the Committee:

Non-recovery of Government dues

There were huge amounts which were not recovered by the concerned departments. It included pending rents and charges, recoveries from defaulting contractors and the customers.

Embezzlement

Embezzlement of large amounts was observed in different cases of different departments.

➤ **Court cases**

Court cases were not being dealt with responsibility. In some departments, timely actions were not being taken to defend the cases due to which cases become weak. Sometimes PAOs were not aware about the details and the latest position of the court cases.

Non-Production of record

It was not possible to scrutinize the matters in which record was not available. In many cases record was not provided by the departments to the Audit. Different reasons in this regard were presented by the witnesses i.e. burning of record, missing of record due to transfer of offices or devolution of departments etc.

Non-compliance of rules:

In different cases violation of Government rules were observed. Such cases included:

- i. Awarding of contracts without open tenders;
- ii. Procurement of goods and services; and
- iii. Unjustified payments to Officers/Officials.

➤ **Achievements:**

- a. Committee examined **164 Grants** and **1244 Paras** in **39 meetings** which became possible with the commitment and co-operation of the members of the Committee.
- b. Committee was successful in recovering a considerable amount of Rs. 3811.075 million.

- c. It was observed by the Committee that the forum of DACs was not properly functional which resulted in prolong discussions at the Committee level and the issues which should have been resolved therein were to be discussed in the meetings of the PAC. The Committee was successful in making DACs functional by its persistent directives.

Similarly, General Financial rules Volume-I,

Appendix-2 states; the purchase orders should not be split up into small slabs so as to avoid the necessity for obtaining the sanction of higher competent authority". Audit pointed out that violating the General Specification 1991 of NHA and special provisions of respective contract agreements of different projects,

National Highway Authority did not use cellulose fiber in the job mix formula of Asphaltic Base Course but the item was paid at full rate without deduction of cost of cellulose fiber. This resulted in an overpayment of Rs. 644.002 million. Audit objected that NHA and Ministry determined deduction @ Rs. 65 per kg which was not implemented. Audit proposed that consultant certified the wrong claims of the contractor, therefore, penal action including recovery should be taken against the consultant.

PAO informed the Committee that payments were made on the recommendations of the consultant. The cases are subjudice in the Civil Court, Islamabad. He added that a departmental enquiry has been ordered and it will be finalized within thirty days.

But National Highway Authority did not use cellulose fiber in job mix formula for Asphaltic Base Course in Islamabad-Peshawar Motorway and Chablat- Nowshara Projects, but the consultants did not point out due deductions to be made from the contractor's payments. Non-implementation of employer's orders resulted in non-deduction of Rs. 3.695 million.

PAC DIRECTIVE

**6. PARA NO.1.2 PAGE NO. 14 AR 2002-2003

Non-implementation of contract clauses resulted in non-recovery of Rs. 393.303 million.

PAO informed that in Moro-Kotri Kabir project, the assignee contractors M/s SECA and M/s Husnain Construction Co. provided additional rebate of 0.5% in lieu of insurance and in other projects, M/s FWO did not provide any insurance,

however, in case of any loss or damage occurred due to flood, rain etc., the same was rectified by the FWO at their own cost.

PAC DIRECTIVE

The Committee settled the Para with the direction that all agreements /contracts should be insured including the contracts with Frontier Works Organization.

7. **PARA NO.1.3 PAGE NO. 14-15, 2002-2003**
OVERPAYMENT DUE TO APPLICATION OF INCORRECT FOREIGN CURRENCY RATE – RS. 42.650 MILLION

Audit pointed out that during currency of the contract of Additional Carriage way (N-5) Kotri Kabir-Baberlo Section, some new items were introduced through variation orders on the basis of market rates of May and December 1998. Therefore, foreign exchange component should have been paid at the foreign exchange rate prevalent at the time of introduction of these variation orders. National Highway Authority (Kotri Kabir-Baberlo Project) allowed payment of foreign exchange component @ Rs. 26.4076 per US Dollar of February 1993 instead of Rs. 44.1609 and Rs. 46.1150 prevailing at the time of preparation of variation orders in May and December 1998 respectively. Application of incorrect foreign currency rate resulted in overpayment of Rs. 42.650 million.

PAO informed that exchange rate of dollar @ Rs. 26.4076 has been taken as 30 days prior to bid opening on the basis of State Bank statistics. This is applicable to the all original BOQ items as well as work executed through approved Variation Orders during the execution. The contract condition does not permit the change in conversion rate. Therefore, the paid exchange rate was justified in all respects.

Audit told the Committee that the Ministry was directed to get the record relating to variation orders, rate analysis, recovery, etc, verified from Audit within two days.

PAC DIRECTIVE

The Committee settled the Parasubject to verification of record by the Audit.

The damages occurred during execution of work, were required to be paid by the contractor in pursuance to clauses 19.1(C) and 22.1 of General Conditions of Contract. Non-adherence to contract resulted in a loss of Rs. 10.916 million.

PAO informed that all such payments were necessary to affectees as all these structure/houses were in critical location and might be damaged due to exaction of earth work and technically it was not possible to protect these houses. Therefore, the Execution Board in its meeting held in 2010 decided that unavoidable damages to the properties out of Right of Way be paid by National Highway Authority.

PAC DIRECTIVE

The Committee settled the Para.

Audit pointed out that Item No. 108.2 of NHA General Specifications, 1991 provides that material for embankment shall consist of borrow excavation, roadway excavation or structural excavation. Borrow material would be used only when material obtained from roadway or structural excavation is not suitable or deficient for embankment formation. National Highway Authority (Additional Carriageway Sorab-Kalat Project) obtained 184,400 cum earth from roadway excavation which was required to be used for embankment but only 86,767 cum was utilized. As per contract provision, 110 trainee engineers were to be employed. National Highway Authority (Additional Carriageway Rahim Yar Khan-Tarinda Muhammad Pannah Project) failed to get the trainee engineers employed. **2. PARA NO. 1.22(A) PAGE NO. 28 (AR-2002-03)
LESS RECOVERY OF INCOME TAX, RS. 3.669 MILLION.**

Audit pointed out that Income tax was required to be deducted in foreign currency at the time of payment. A sum of \$ 2,491,100 was paid against shipment document in January 1996 without deduction of income tax. The income tax amounting to Rs. 3,866,834 was deducted at the time of payment of final bill in March 2001 in US dollars at exchange rates of 1995 (i.e. Rs. 31.0452 per dollar). Since, income tax was recovered in 2001, the exchange rate, prevailing at the time of deduction (i.e. Rs. 60.50 per dollar) was required to be applied. Accordingly, an amount of Rs. 7.536 million was recoverable from the contractor. The omission resulted in less recovery of Rs. 3.669 million.

Audit pointed that under the provision of Income Tax Ordinance 1979, income tax was required to be deducted @ 6% of the work in case of contracts valuing more than Rs. 30 million. An amount of Rs. 1.703 million was short recovered due to recovery of tax @ 5% instead of 6% (1% of Rs. 170.363 million).

The PAO ensured the committee that the amount will be deposited immediately.

PAC DIRECTIVE

The Committee settled the para subject to verification of record of recovery by the Audit.

4. **PARA NO. 1.22 (E)PAGE NO. 30 (AR-2002-03)**
LESS RECOVERY OF INCOME TAX, RS. 0.361 MILLION..

Audit pointed that under Section 50(3A) Income Tax Ordinance "Any person responsible for paying to a non-resident any sum by way of fees for technical services shall, deduct, at the time of payment, tax at the rate specified in the first schedule i.e 15%."The design work valuing US\$ 50,000 was assigned to M/s STFA or specialists from their group of companies by DW&CE vide # 6900/553/16/027/E6 dated 27th February 98. Being technical services, income tax was required to be recovered @ 15% but recovery was effected @ 3% which resulted in short recovery of \$ 6,000 (12% of \$ 50,000) equivalent to Rs. 361,200 @ Rs. 60.20.

Audit told the Committee that the said para was recommended for settlement by the last DAC.

PAC DIRECTIVE

The Committee settled the para on the recommendation of DAC.

5. **PARA NO. 1.22 (G)PAGE NO. 31(AR-2002-03)**

Value of the work executed under above contract was Rs. 32,738,002 i.e. more than Rs. 30 million but income tax was deducted @ 5% instead of 6%. 6. **PARA NO. 2.1PAGE NO. 34 (AR-2002-03)**
IRREGULAR CONSTRUCTION OF MOQS AGAINST THE SANCTION
ACCORDED FOR BOQS, RS. 15.078 MILLION.

Audit pointed that according to laid down scales of accommodation, BOQ comprises of one bed room, one drawing room and a bath. The prescribed covered area of BOQ is 55 sqm .In some cases, sanction was obtained for construction of BOQs but in fact BOQs were not built on site. The amount

sanctioned for construction of BOQs was spent on construction of MOQs comprising 2 beds, dressing, lounge, verandah, 2 baths and one servant quarter. The covered area of the MOQs so constructed was 80.91 sqm.

Audit explain that GE (Navy) construction-III Islamabad constructed 48 BOQs in June 2001 under contracts # CEN-618/98 and CEN-619/98. The project estimates included following items which are not authorized in BOQs.

1.	Kitchen floor including cabinets etc	Rs. 724,868
2.	Gas cooking ranges	Rs. 254,362
3.	Gas water heaters	Rs. 161,545
4.	Additional covered area 25.91 sqm	Rs. 13,937,000
	Total	Rs. 15,077,775

This indicated that the project estimates were prepared for MOQs but sanction was obtained for BOQs as BOQs are treated as non residential accommodation and the Government prefers to build non residential accommodation as compared to residential accommodation.

The construction of MOQs against the sanction accorded for BOQs was not in order because the funds meant for non residential accommodation can not be spent on construction of residential accommodation without re-appropriation of funds by competent financial authority. The construction of MOQs against the sanction accorded for BOQs was also a clear cut violation of sanction.

The MOQs so constructed were allotted to married officers but on papers the same were shown as BOQs and no amount on account of rent was deposited into Government treasury.

The PAO informed the committee that the irregularity has been got regularized and sanction has been issued.

PAC DIRECTIVE

The Committee settled the para for settlement.

GOVERNMENT TREASURY, RS. 866,000.**

Audit pointed out that the treatment of civilians was allowed in military hospitals subject to the condition that all expenses on their treatment are borne by themselves and the state doesn't suffer any loss because of their treatment. In CMH Rawalpindi, X-Ray films were being purchased locally @ Rs. 50. CNE patients were being charged Rs. 150 per X-Ray. 20% of the amount charged from CNE patients i.e. Rs. 30 (20% of Rs. 150) was being credited to the Government account. Thus the Government was put to a recurring loss which so far amounted to Rs. 866,000 in CMH Rawalpindi upto July 2002. INVESTMENT BANK LTD (AIBL), ISLAMABAD

The Audit pointed out that in contravention of the instructions of Finance Division the management of Regional Development Finance Corporation (Defunct) invested Rs.20 million with AIBL, Islamabad in May and October, 1996. Thus, Board of Directors (BOD) is the competent forum to approve pay and allowances and other fringe benefits for employees of the Bank. The BOD of SME Bank, in its 11th meeting held on 28-3-2003, accorded approval for payment of bonus for the year 2002 to all bank employees as an incentive for their efforts in achieving targets and earning profits the year. ACTIONABLE POINTS

Actionable points arising out from discussion of PAC meeting held on 26th October, 2017 while examining the Audit Reports / Special Audit Reports for the year 2002-03 pertaining to Ministry of Finance are given below:-

AUDIT REPORT PUBLIC SECTOR ENTERPRISES FOR THE YEARS 2002-03 **MINISTRY OF FINANCE**

EQUITY PARTICIPATION FUND

1. i) **PARA-52-A PAGE-71 (ARPSE-2002-03)**
NON RECOVERY OF EQUITY SUPPORT OF RS.2.366 MILLION

Audit pointed out that Equity Participation Fund (EPF) sanctioned an equity support of Rs.1.00 million to M/s Figresh Board Mills on July 7, 1982 to establish a medium quality straw board-manufacturing unit at Nowshera against which Rs.800,000 were disbursed during 1982 to 1986. The equity support was secured against share sale agreement and buy back guarantee. The guaranteed dividend was 13% per annum and buy back equity was due on June 28, 1990. The party paid only Rs.271,000 and EPF filed a suit in Banking Court Peshawar for recovery of Rs.2.544 million. The case was decreed in favor of EPF for Rs.2.544 million on August 4, 1998. However, the management of EPF did not file the execution petition.

PAO informed that recovery was not possible and 100% provisions has been created against the outstanding amount. EPF had received a sum of Rs.0.271 million against disbursed amount of Rs.0.800 million from this account. This equity support was sanctioned 35 years back and remained in litigation for 19 years. Out of two guarantors/directors, one had died long ago as per record of EPF.

PAC DIRECTIVE

The Committee clubbed the above three paras and settled subject to verification of record by the Audit.

INDUSTRIAL DEVELOPMENT BANK OF PAKISTAN

2. PARA-60 PAGE-77 (ARPSE-2002-03) NON-RECOVERY OF RS. 12.604 MILLION FROM DEFAULTER

Audit pointed out that in Industrial Development Bank of Pakistan (Regional Office) Karachi, a foreign currency loan equivalent to Pak Rs. 8.613 million was disbursed to M/s. Fountain Blue Textile Mills Limited in 1987 and was recoverable within a period of 12 years. The loan was got secured against mortgage of property and assets valued by IDBP at Rs. 12.720 million. The loanee defaulted in the repayment of the loan and not a single installment was paid. Hence, IDBP filed a recovery suit for Rs. 13.029 million in the High Court of Sindh in 1991. The Court decreed for auction of property and assets on April 20, 1992. An amount of Rs. 0.425 million was realized on auction of plant and machinery. The recovery of remaining amount of Rs. 12.604 million from auction of mortgaged property and remaining assets, having assessed value of Rs. 2.608 million seems impossible as these assets were in deteriorated condition and the management had failed to dispose of the items for the last 7 years. IDBP had to sustain a loss of Rs. 12.604 million.

PAO informed that there was total pending loan of Rs.6 million and the mortgage plot was auctioned in Rs.1.1 million. Only 1.56 million has been recovered. The case was referred to a tracer company namely M/s International Credit Information Limited for tracing out the assets of the directors but according to their report no property existed in the name of directors. He added that after auction of project land no tangible assets are available for auction therefore the pending amount only could be written off.

PAC DIRECTIVE

The Committee referred the para to the DAC for re-examination. The DAC must be headed by the Principal Accounting Officer.

INVESTMENT CORPORATION OF PAKISTAN

3. PARA-64 PAGE-80 (ARPSE-2002-03) NON-RECOVERY OF LOAN OF RS. 7.663 MILLION DUE TO INSUFFICIENT SECURITY

Audit pointed out that investment Corporation of Pakistan granted financial assistance of Rs. 4.10 million to M/s K.J. Vegetable Oil Limited through I.C.P. led consortium without obtaining adequate security during 1982 to 1986. The Debentures of Rs. 100,000 disbursed were also repayable in 12 installments upto 1989. Similarly, the Long Term – Term Finance Certificates of Rs. 3 million disbursed in March, 1998 were repayable in 12 half yearly installments of Rs. 507,000 up to 1994. A bridge loan of Rs. 1.00 million was also repayable in lump

sum. The borrower failed to follow the repayment schedule and went into default. Investment Corporation of Pakistan (ICP) filed a recovery suit for Rs. 10.26 million in the Peshawar High Court on June 19, 1996.

PAO informed that with the efforts of department an amount of Rs.2.697 million has been received on the order of High Court Peshawar. And for the recovery of Rs.10.714 million the matter is pending in banking court No.V Karachi. Till now 115 hearings of the case has been done.

PAC DIRECTIVE

The Committee pended the para and directed the PAO to pursue the case vigorously.

PAC DIRECTIVE

The Committee pended the para due to the unavailability of the Chairman ZTBL.

5. i) **PARA-72&72.1 ARPSE-2002-03**
NON RECOVERY OF LOANS
NON RECOVERY OF RS. 304.956 MILLION IN 801 LOAN CASES.

Audit pointed out that the SME Bank Cantt Branch, Lahore disbursed loans of Rs. 154.352 million against various schemes which could not be recovered. An amount of Rs. 304,956 million as on June 30, 2003 was outstanding in these loan cases. Recovery of these loans at this belated stage appears doubtful, as the loanees have not availed any kind of concessions and relief packages introduced/offered during last couple of years.

PAO informed that the said portfolio was transferred from SME Bank to National Bank of Pakistan (NBP). The assignment of recovery of the amount was outsourced and Rs.51 million has been recovered. Recovery of Rs. 3.99 million is still pending. It is expected that 25% of the amount will get recovered by the end of December 2017.

- ii) PARA-73ARPSE-2002-03
OVERDUE LOANS OF RS. 9.939 MILLION DUE TO INSUFFICIENT FOLLOWUP
- iii) PARA-77ARPSE-2002-03
NON-RECOVERY OF RS. 2.555 MILLION.

PAC DIRECTIVE

6. **PARA-74ARPSE-2002-03**

A further loss of markup amounting to Rs.3.619 million was also worked out by the auditors upto September 30, 2002. Audit added that the AIBL became defaulter and was renamed as Invest Capital Investment Bank Limited (ICIBL).

PAO informed that total amount was of Rs.95 million and Rs.99.08 million has been recovered. The shares of valuing approximately Rs.2 million are owned by the bank which can be sold. A report on the issue has already been submitted to the Audit.

- 3 grants & 44 audit paras were presented by the Audit Department which were examined by the Committee. Out of which 07 paras were settled whereas appropriate directions were accordingly issued for the remaining paras.
- It is pointed out that the business of the Ministry which was examined by the Sub-Committee of 13th PAC in its meeting held on 10th August, 2011 has also been made part of the report.

M/O FOREIGN AFFAIRS

ACTIONABLE POINTS

Actionable Points arising out from the discussions of meeting of PAC held on 10th August, 2011 while examining the Appropriation Accounts/Audit Reports / Special Audit Reports for the year 2002-03 pertaining to Ministry of Foreign Affairs are given below:-

APPROPRIATION ACCOUNTS OF M/O FOREIGN AFFAIRS VOL-V,2002-03

1. i) GRANT NO. 55 FOREIGN AFFAIRS DIVISION (HEAD HEADQUARTERS)

AGPR pointed out that there was overall saving of Rs. 19,799,373/- against final grant of Rs. 350,379,000/- which comes to 5.65% of the grant. This amount could not be surrendered due to the reasons that some of the expenditure was expected to be carried out to meet exigencies and unforeseen expenditure.

The PAO explained the following reason of savings:-

- i) Saving was due to non filling of vacant posts in Ministry
- ii) Excess was due to;
 - a) Pending payments were made by the Ministry in connection with the installation of elevators
 - b) Purchase of official vehicles by the Ministry.
- iii) Saving was occurred due to economy measures by the Ministry
- iv) Excess was due to the cases for payment of Gratuity and Pension

ii) GRANT NO. 56 FOREIGN AFFAIRS DIVISION (MISSION ABROAD)

AGPR pointed out that there was overall saving of Rs. 192,443,823/- against final grant of Rs. 3,526,626,000/- which comes to 5.46% of the grant. The savings related to more than 100 Missions abroad and 5.46% is accumulative amount. It often becomes difficult to foresee the expenditure under various heads. The Mission keeps a small amount for exigencies and that amount if unspent result into saving. The accumulative effect under the demand is only 5.46% which is negligible.

The PAO explained the following reason of savings:-

- i) Due to the reduction of the strength of our Mission in New Delhi in the wake of terrorist attack on Indian Parliament as well as vacant posts of Ambassadors, other officers and staff because of pending pre-departure formalities and other problems.

- ii) Due to the expenditure on purchase of machinery/equipment and furniture & fixture was kept to the barest minimum.
- iii) Due to payment of installment and interest to the Company regarding construction of Chancery building in Washington.
- iv) Due to the exorbitant charges of repairs/maintenance in Pak Mission abroad specially European countries. The main excess occurred on the frequent repairs of HOM's Cars/staff cars and old machinery & equipment.
- v) Due to observance of maximum economy measures by Pak Missions abroad in utilization to funds.
- vi) The main reason for savings under this head was due to the Ministry's instructions to observe maximum austerity on holding Pakistan Day functions by the Pak. Missions Abroad.

PAC DIRECTIVE

The Committee observed that supplementary grant had been obtained but savings had occurred, which had not been surrendered in time too. The Committee further observed that the whole purpose of economy measures adopted by design at that time is defeated if amounts are not surrendered in time in order to allocate them for some other useful purpose. The Committee expressed its displeasure at the extremely poor financial management by the Ministry and with these observations recommended the grant for regularization and expected that this sort of bad financial management would not recur in the future years.

iii) GRANT NO. 57 OTHER EXPENDITURE OF FOREIGN AFFAIRS DIVISION

AGPR pointed out that there was overall saving of Rs. 144,526,581/- against final grant of Rs. 1,175,119,900/- which comes to 12.30% of the grant. The saving under this demand constituting 10.00%
The PAO explained the reasons as under:-

The excess in charged portion was due to the fact of political Development in the region. The President under to various visits abroad owing to the regional situation & saving in other than charged portion was due to less expenditure incurred on Pakistan Delegations abroad and because the Envoy Conferences was postponed to the next year. Moreover, less expenditure on demarcation of Pak –India boundary lines. Due to less demand for Pakistan's share to UN and other International Organization. Excess was due to more visits of Prime Minister than expected at the time of Budget formulation.

PAC DIRECTIVE

The Committee settled the grants. The Committee however observed that while considering another Para of similar nature of the year 1992-93 regarding irregular expenditure during Prime Minister's visit to the U.S.A the PAO had informed the Committee that in accordance with the directive of the PAC, the Ministry had moved two Summaries to the Prime Minister for formulating a policy regarding composition and size of delegations accompanying the President and the Prime Minister on foreign tours and also requested to define certain parameters regarding entitlement and privileges of the official delegations as well. The Committee directed the PAO to submit a copy of policy decision in this regard to the Committee.

MINISTRY OF FOREIGN AFFAIRS

ACTIONABLE POINTS

Actionable points arising from the discussion of meeting of PAC held on 1st November, 2017 while examining Audit Report for the year 2002-03 pertaining to M/o Foreign Affairs are given below:-

AUDIT REPORT FOR THE YEAR 2002-03

1. PARA 1.2, PAGE 12 AR-2002-03
NON-ADJUSTMENT OF ADVANCES MADE TO INDIVIDUALS-RS.22.630
MILLION

Audit pointed out that TA/DA advance to the tune of Rs. 22,629,820 million was made to various individuals by various missions abroad (Vienna, Port Louis, Harare, Istanbul, Brasilia, Ankara, Rabat, Moscow, Manila, Belgrade, Brunei, U.N. New York, The Hague) as well as Ministry of Foreign Affairs during 1998-2002 but subsequent adjustment was not made violating federal treasury rules.

PAO informed that 81% recovery has been made and only 19% is pending. In ten cases, amounts will be regularized/adjusted. Now the financial rules are being implemented in letter of spirit. A system application program is in place in all missions. There are three cases which are concerned with the M/o Commerce.

PAC DIRECTIVE

The Committee directed the PAO to submit a report of the cases to the Audit/PAC which are pending along with the detail of action taken in each case within thirty days, and also submit a report about future strategy to resolve the issue.

2. PARA 1.3 PAGE 12 AR-2002-03
RS. 8.76 MILLION PAID IN EXCESS OF ENTITLEMENT OF THE
OFFICERS/OFFICIALS WORKING IN MINISTRY OF FOREIGN AFFAIRS
AND MISSIONS ABROAD

Audit pointed out that the Ministry of Foreign Affairs and Pakistan Missions abroad made payments worth Rs.8.76 million to officers/officials over and above their entitlement. Lists of cases are given at Annexure-II. Audit added that besides other cases an amount of Rs.1,680,548 was paid to officials/officers as full Daily Allowance (which was 15% of their basic pay) despite the fact that they did not produce hotel receipts in support of their claims. Audit apprised that the officials/officers which were granted full daily allowance were only entitled for

incidental charges (10%). Therefore the 5% amount should be recovered from them.

PAC DIRECTIVE

The Committee directed the PAO to recover the balance amount including 5% which was paid in extra in the head of daily allowance within thirty days and submit report to the Audit/PAC.

**3. PARA 1.4 PAGE 12 AR-2002-03
PAYMENT ON ACCOUNT OF PURCHASE OF FURNITURE AND FIXTURE,
MACHINERY AND EQUIPMENT FOR RS. 8.368 MILLION WITHOUT
OBTAINING COMPETITIVE RATES**

Audit pointed out that in different formations during the period 1998-2002 payment of Rs.8,367,907/- was made on account of purchase of furniture, fixture, computers, fax machines, photocopiers, printers, generators, refrigerator, vacuum cleaner, TV, VCR and other machinery and equipment without obtaining competitive rates and completing codal formalities.

PAC DIRECTIVE

The Committee directed the PAO to get it regularized from the competent forum, and submit a report to the Audit/PAC within thirty days.

**4. PARA 1.5(B)PAGE 18 AR-2002-03
IRREGULAR EXPENDITURE INCURRED ON ACCOUNT OF REPAIR OF
BUILDING RS.1.373 MILLION**

Audit pointed out that in the three formations an expenditure of Rs.1,373,201/- was incurred on account of repair of buildings in excess of the limit imposed under the rules.

PAC DIRECTIVE

The Committee settled the para subject to regularization of expenditure by the competent authority, and verification by the Audit.

**5. PARA 1.10PAGE 21 AR-2002-03
NON-RECOVERY OF SECURITY DEPOSIT AND ADVANCE RENT
US\$25,432(RS.1.450 MILLION)**

Audit pointed out that in four cases in Pakistan Missions Abroad an amount of US\$ 25,432.18 (Rs.1, 449,634) was paid on account of advance rent and Security Deposit to the Land Lords. The houses were de-hired but the landlords did not refund amounts paid as advance / security. It was the responsibility of the

occupant to get the amount of security deposit refunded on vacation of their residences. Non-recovery was pointed out to Mission/Ministry but no action to affect the recovery has been taken so far.

PAO informed that the house vacated by the Officer at Ankara was occupied by M/o Defense Pakistan and amount will be adjusted with M/o Defense. In other cases the amounts has been regularized/settled.

PAC DIRECTIVE

The Committee directed the PAO to get the record of recovery verified by the Audit within thirty days.

6. **PARA 1.16 PAGE 28 AR-2002-03**
MAINTENANCE OF PARALLEL RECEIPT BOOKS-LOSS OF GRD 26.00
MILLION (RS.4.284 MILLION)

Audit pointed out that in Parep Athens more than one receipt books had exactly the same serial numbers and were being used simultaneously during the period 1998-99. These books were printed by the mission privately. Printing and operating "Parallel" receipt books having the same serial numbers is a forgery and speaks volumes about the authenticity of the receipt figures being reported by the mission. It was also found that proceeds of the majority of "parallel" receipt books were not being deposited with the bank by the Consular section. No record of the applications against these receipts was available in the Mission. Audit team found 29 pairs of receipt books of the same numbers in the mission whereas a large number of such books were reportedly destroyed by the then HOM, HOC and Accountant of the mission during 1998-99.

PAO informed that the matter was properly inquired and FIR was logged. Two responsible officers Mr. Rashid Ahmed, Former Ambassador and Sheikh Saulat Tanweer, Assistant were compulsory retired from government service, Mr. Ali Mardan Rahoojo and Syed Shahid Hussain, Accountant were dismissed from service. Efforts are being made to effect recovery from the responsible officers/officials through land revenue act.

PAC DIRECTIVE

The Committee settled the para.

Audit pointed out that paras 127 (6) and 129 (i) of Central Public Works Department Code provide that payment for all work done should be made on the basis of measurements recorded in Measurement Book in accordance with work actually done at site; measured in person by the Sub Divisional Officer. He will be responsible for the general correctness of the bill as a whole. In violation of the rules an over payment of Rs. 4.811 million was made. Escalation was made three times which is not permissible in the lump sum contract. The PAO replied that the enhancement was made with the approval of Ministry of Housing and Works. The PAO could not quote the rules vide which the enhancement was allowed by the Ministry of Housing and Works.

PAC DIRECTIVE

The Committee constituted an enquiry committee under the Chairmanship of Mian Abdul Mannan, MNA to probe the issue and the para will be considered in the light of the recommendation of DAC.

4. i. **PARA NO. 1.2 PAGE-10 AR-2002-03**
NON-RECOVERY OF STANDARD RENT OF RS. 2.870 MILLION DUE TO UN-AUTHORIZED RETENTION OF GOVERNMENT OWNED HOUSE.

Audit stated that under rule 19 (1) of Pakistan allocation rules 1993; in case an accommodation is occupied or retained un-authorized, the Estate office shall charge standard rent from the occupants for the period of unauthorized occupation or retention and shall take steps to evict him expeditiously. Nineteen government residences of various categories under Estate Office were occupied by employees of Police, IB, Customs department and private persons since the year 1993 without payment of standard rent and this resulted in unauthorized occupation of government residences and non-recovery of Rs. 2.780 million. Besides this standard rent from the unauthorized occupants of a government residence Rs. 0.090 million was not recovered.

PAO replied that due to non-availability of Police force and non cooperation by the Police department the government flats could not be vacated. They are neither vacating the flats nor paying rent. PAO did not told about the other illegal occupants not belonging to Police Department. The Committee clubbed the para with para no. 2.1

ii. **PARA NO. 2.1 PAGE-10 AR-2002-03**
LOSS OF RS. 394, 616 DUE TO IRREGULAR HIRING FOR EMPLOYEES OF NON-ENTITLED DEPARTMENTS

Audit stated that under Rules of Business of Government of Pakistan letter no. F.12/1/92- E-V dated 22.03.1992, all the estate officers are

empowered to hire private houses for federal government servants of entitled departments. But violating the rules the Estate Officers hired houses for the employees of non-entitled departments which resulted a loss of Rs. 0.319 million and Rs. 0.076 respectively.

PAO replied that the record of Estate Office Islamabad has been burnt in Lal Masjid incident in July 2007 & being reconstructed. He further told that now record is being computerized up to February 2015.

PAC DIRECTIVE

The Committee clubbed the above two paras (Para 1.2 and Para 2.1) and referred the paras to the NAB for complete enquiry and take action against the illegal occupants and the officers/officials of Estate Office who allowed them to occupy the government flats illegally.

5. **PARA NO. 3.1 PAGE-13 AR-2002-03**
IRREGULAR EXPENDITURE OF RS. 1.155 MILLION FROM GOVERNMENT RECEIPT

Audit pointed out that as per rule-7 (i) Section -V of Federal Treasury Rules (Volume-I) all moneys received by or tendered to Government officers on account of the revenues of the Government shall without undue delay be paid in full into a treasury / bank. But violating the said rule, Pakistan Public Works Department, Islamabad did not deposit the government receipts (Received on account of Sui Gas charges from Government Colonies at Chaklala and Mughalabad) into government account but the receipts were utilized towards expenditure without the sanction of competent authority. This violation resulted in unauthorized expenditure of Rs. 1.155 million during June 2002. The Committee was apprised that an enquiry was ordered but its findings are still awaited.

PAO replied that according to findings of enquiry the recovery was not a regular government receipt hence no irregularity was committed and it was in the favor of government to avoid disconnection of utilities connections.

PAC DIRECTIVE

The Committee remanded the para to DAC after regularization from a proper forum within one month.

AUDIT REPORT PUBLIC SECTOR ENTERPRISES 2002-03

NATIONAL CONSTRUCTION LIMITED

6. **PARA-88.2 PAGE-108 ARPSE-2002-03**
AUDIT COMMENTS

Audit pointed out that the trade debts reduced to Rs. 164.780 million as against 169.112 million during the previous year. Reduction was attributable to writing off bad debts worth Rs. 1.196 million and total written off claims/bills receivable worth Rs. 30.277 million. Provision was also made for Rs. 10.702 million and Rs. 178.661 million in trade debts and claims. The situation was further aggravated as the Company had not provided for claims disputed by the customers.

PAO replied that trade debts unsecured reduced from Rs. 169.112 Million to Rs. 164.780 Million during the previous year mainly due to early realization of stuck-up Bills/ Retention Money held by the Clients. As mentioned in Note 3(ii) to the Accounts, an amount of Rs. 20 Million was recovered during August 2003 against a claim worth Rs. 50.277 Million already fully provided. Therefore, it was reversed in the books of Accounts by Rs.30.277 Million and has no effect on Profit & Loss as well as Trade debtors of the Company. He told that bad debts will be written off from Board. He apprised the Committee that 85 % 117 million are bad debts those are from public and private sector. A huge portion is in sub judice in different courts.

PAC DIRECTIVE

The Committee directed the PAO to reconcile the amounts pertaining to public sector through Ministry of Finance and deferred the para.

PAKISTAN MACHINE TOOL FACTORY LIMITED

2. **PARA-93(i) PAGE-116 (ARPSE-2002-03)**
RING SPINNING FRAME PROJECT

Audit pointed out that the Pakistan Machine Tool Factory launched a programme for the establishment of manufacturing unit of Ring Spinning Frame (RSF). A licensing agreement with M/s Jingwei, a subsidiary of China National Textile Machinery Corporation, was signed on May 03, 1993 which became effective from July 22, 1993 for a period of 05 years. This period was extended for further 05 years i.e up to 2004.

Machinery valued at Rs.8.422 million was procured from M/s Jingwei of China in 1995 and capitalized in 1998-99. The requisite machinery was still lying in the display centre un-utilized since 1995. Consulting fee amounting to US\$ 186,666 (Approx Rs. 7 million) was also paid. Despite spending Rs. 15.442 million the production of Spinning Frame could not be initiated. During planning stage the cost calculation for the frame to be manufactured by PMTF showed that its cost would be more than that of a completely built imported frame. The management

did not ascertain the per annum market demand for spinning frames therefore break even could also not be worked out in terms of number of frames produced. In spite of this the project was launched which resulted in the unnecessary blockage of funds. The management stated that the work on the requisite project was not considered feasible as the local manufacturing cost would be greater than the imported units as such the project was shelved.

The PAO informed the Committee that in few months the department will dispose off the machinery as per direction of DAC.

PAC DIRECTIVE

The Committee settled the para subject to verification of disposal of machinery by the Audit.

PAKISTAN MACHINE TOOL FACTORY LIMITED

3. PARA-94(i) PAGE-117 (ARPSE-2002-03) STORES AND SPARES

Accounts of PMTF depicted procurement of stores, spares, loose tools, raw material and other stocks in early 1970's. But they could not be utilized because the customers discontinued manufacturing of certain products like Bedford trucks, CJ% Jeep and Nissan Jeep. As a result the inventories of stocks piled up. Redundant surplus stock valued at Rs.28.916 million were declared as obsolete during the year 1995-96. Board of Directors (BOD) in 2000-2001 while approving the write off redundant stores, directed to dispose these redundant stores by inviting sealed bids through a disposal committee. However the stores could not be disposed till date. In addition to the above, provision of Rs.1.474 million was made for stores during 2000-2001.

It appears that stocks were unnecessarily procured and retain without keeping in view the actual need and changing market demands and no timely efforts were made to utilize them in manufacturing. As a result stocks/tools valued at Rs.30.390 million (Rs.28.916 + 1.474 million) became obsolete.

The PAO informed the Committee that in few months the department will dispose off the machinery as per direction of DAC.

PAC DIRECTIVE

The Committee settled the para subject to verification by the Audit.

PAKISTAN MACHINE TOOL FACTORY LIMITED

4. PARA-94(ii) PAGE-118 (ARPSE-2002-03) FINISHED GOODS INVENTORY

PMTF manufactured a number of armaments in 1995-96 for supply to Pakistan Army / Civil Armed Forces. It was noticed that 177 product valued at Rs.68.186 million and 179 Tripod valued at Rs.15.773 million could not be sold out because no order was placed by Pakistan Army / Civil Armed Forces. These items were manufactured in anticipation of orders from them. As result finished stock of special products valued at Rs.83.959 million remained stuck up leading to blockage of capital. In addition to the above a number of Machine Tools and Transmission components valued at Rs.10.190 million could not be sold.

The PAO informed the committee that in the forthcoming financial year the department will dispose off the arms as per direction of DAC.

PAC DIRECTIVE

The Committee directed the PAO to sale the armaments and get them verified by the Audit under intimation to PAC.

SIND ENGINEERING LIMITED

PAC DIRECTIVE

The committee settled the above mentioned ninety Paras on the recommendation of DAC.

7. PARA-90.2, ARPSE-2002-03 **AUDIT COMMENTS**

Audit pointed out that the current assets included an amount of Rs. 27.803 million of interest receivable on loan to units. The interest was accumulating year after year but the Corporation had taken no steps toward the early recovery of this amount. The long period of outstanding interest makes its recovery doubtful. The PAO informed the Committee that the matter has been taken up at Board level and hopefully the Board will decide the issue as soon possible.

PAC DIRECTIVE

The Committee directed the PAO to take up the issue at Board of Directors (BOD) level and intimate the outcome of the Board to the Committee.

8. PARA-103.8, ARPSE-2002-03 **AUDIT COMMENTS**

Audit pointed out that the purpose of establishment of Heavy Electrical Complex was to reduce dependence of WAPDA and KESC on imported transformers.

Financial Statements of HEC depict that WAPDA and KESC are still importing transformers from abroad by incurring foreign exchange reserves of the country.

PAC DIRECTIVE

The Committee settled the para with the direction to WAPDA and DISCOS for the purchase of low cost transformers from the HEC instead of outside in the market on higher price.

9. PARA-107.3, ARPSE-2002-03
AUDIT COMMENTS

Audit pointed out that the Interest amounting to Rs. 12.718 million @ 14% per annum for the year ended June 30, 2003 (accumulated Rs. 95.176 million) had not been provided for on outstanding principal amounting to Rs. 86.984 million relating to customs and other imports duties. The management was of the view that interest on such a loan was to be paid by the Privatization Commission out of sale proceeds of the assets of the Company. During the last year Federal Government of Pakistan provided a loan of Rs. 309 million to PECO @ 10% markup per annum to pay off the staff through Compulsory Separation Scheme on March 04, 2002. Interest on such loan for the period of 15 months amounting to Rs. 38.625 million had not been accounted for as the Company intended to take up its waiver with Government of Pakistan. Action of the management understated the losses.

PAC DIRECTIVE

The Committee pended the para and directed the NAB to probe the case and submit inquiry report on NIT shares to the Committee.

10. PARA-145.3, ARPSE-2002-03
AUDIT COMMENTS

Audit pointed out that the dues from buyers of units reduced by 8.92% i.e. from Rs. 204.173 million in 2001-2002 to Rs. 184.951 million in 2002-2003. Balance confirmation against each unit could not be provided by management due to litigation with the parties. Basis and criteria against which these balances have been arrived at may be elucidated.

PAC DIRECTIVE

The Committee directed the PAO to inquire the matter in detail and visit on ground in person or depute a Committee and report therein be submitted within 30 days.

11. PARA-145.4, ARPSE-2002-03
AUDIT COMMENTS

Audit pointed out that Pursuant to the policy of the Government of Pakistan, out of 26 ghee units of GCP 19 units had already been privatized. The production in remaining 7 units was stopped since 1997 and these units were earmarked for privatization. Three ghee units out of the seven namely M/s Sargroh Vegetable Ghee Mills, Maqbool Oil Company Limited and E.M. Oil Mills had also been privatized during the year 2002-2003. Kohinoor Oil Mills was also privatized in 2004. One unit i.e. M/s Universal Oil and Vegetable Ghee Mills, Sheikhpura had been handed over to the official liquidators on February 15, 2003 on orders of Lahore High Court for final liquidation.

PAC DIRECTIVE

The Committee directed the PAC wing to call the Chairman Privatization Commission to brief the Committee regarding the Suraj Ghee Mills, Marafco and all the projects which are under the process of privatization related to the M/o Industries and Production.

AUDIT REPORT PUBLIC SECTOR ENTERPRISES
FOR THE YEAR 2002-03

2. PAKISTAN TELEVISION CORPORATION LIMITED
PARA-166.1 (PAGE 183-ARPSE 2002-03)
AUDIT COMMENTS

Audit pointed out that the operating loss of the Corporation increased by 105% during the year 2002-03 as compared to the previous year. From trend analysis, the reasons for increasing operating loss and declining profit can be attributed to the following.

Expenses to the tune of Rs. 2,930.828 million included operating, administrative, financial and other charges, which showed an increase of 7% as compared to preceding year. This affected the profit margin adversely as the same changed into operating loss amounting to Rs.138.377 million. Moreover, increase in operating loss by 105% during the year 2002-03 as compared to previous year eroded the increase of Rs. 108.298 million in revenue-net.

The PAO informed the Committee that the increase in expenditure is attributable to the increase in volume of operational activities of all the channels of PTV. A comparison of the volume of activities (in hours) for the year 2002-03 with these of 2001-02 is given below which will throw light as to the increase in volume of activities.

Transmission of PTV-I has been enhanced from 18 hours to 24 hours from January 2002 to ensure availability of broadcast of channel to viewers' community within the footprint of the channel. This arrangement necessitated the deployment of an additional shift, to meet the transmission requirements.

It may further be added that the decision of Government of Pakistan to join International Coalition, to fight Terrorism brought Pakistan in limelight. In order to counter the hostile propaganda adequately, PTV dedicated PTV World for news and current affairs. Thus arrangement made news and views availability round the clock, look of the PTV-World channel changed as News & Current Affairs. Therefore, the entertainment programs telecast on PTV-World lost their viewer ship and ultimately the advertisement income to PTV- World decline.

PAC DIRECTIVE

The Committee directed the MD PTV to prepare policy for approval of the Government whereby non-viable projects would be set up only with Grant-in-Aid from the Government for the projects in question. The policy would also be put up before the Main Committee (PAC), for its endorsement and recommendation to the Government. The policy should inter-alia be based on the following:-

- a) The total outstanding expenditure on non-viable projects should be worked out and reimbursement sought from the Government.
- b) In future as and when non-viable projects were given to PTV for implementation, it should seek a special grant for that purpose, so that it remains competitive in the market.
- c) Measures being taken to bring PTV in profit.

3. PARA-166.4 (PAGE 183- ARPSE 2002-03)
AUDIT COMMENTS

Audit pointed out that capital work progress increased from Rs. 41.995 million in 2001-02 to Rs.46.755 million in 2002-03. Major change was reflected in Assets transit which increased to Rs. 33.282 million from Rs. 12.119 million in 2002-03. The capital work in progress at various sites has been stalled and some projects have been dropped. This had been pointed out in previous audit reports. Proper feasibility of the project before initiating work may be ensured to avoid blockage of capital in projects.

The PAO informed the Committee that the Capital Work in Progress is transferred to respective assets amount upon completion of the project. The position of Capital Work in Progress ended June 2003 as on 30-4-2005. The amount relating to the projects still in progress would be transferred as and when the same would be completed.

PAC DIRECTIVE

The Committee remanded the Para back to DAC for reconsideration and recommended it for settlement subject to verification of record by Audit.

4. PARA-166.7 (PAGE 184- ARPSE 2002-03)
AUDIT COMMENTS

Audit pointed out that the PTVC Ltd entered into an agreement with M/s Asia Pacific Broadcasting Union on October 10, 2001 for live coverage of Manchester 2002 Common Wealth Games and paid US\$20,000 (Rs.1.209 million) including bank charges of Rs.2.107 million on 6-4-2002 to M/s ABU Malaysia. For telecasting the subject programme 7.2 meter dish antenna was required which was not procured by PTV in spite of the fact the management was well in the knowledge of the similar situation at the time of Sydney Olympics 2000. Due to non-procurement of the desired dish antenna the coverage of Manchester 2002 Common Wealth Games could not be received by the PTVC. No efforts were made to claim refund of Rs.1.209 million from the firm.

The PAO informed the Committee that PTV entered into an agreement for the telecast of above events through ABU. It was the mandatory obligation for PTV to pay the share for TV rights of this event being the member of ABU. The technical parameter for down loading and linking of live feed of this event was 7.2 meter dish antenna. For this purpose, PTV tried to get the required dish from Suparco, or Cable Operators & Antenna suppliers but could not succeed. Due to non-availability of the above equipment, the live coverage of this event could not be arranged. However, PTV was able to get from ABU the recording of three Pakistan Hockey Matches, which were televised by PTV on 27-8-2002, 28-8-2002 & 11-9-2002. It is clarified that PTV tried its best to get the amount adjusted in PTV's rights and technical charges share for Busan (Korea) Asian Games 2002, but PTV's request was not accepted by ABU on the ground that under the pool arrangements it is the responsibility of the PTV to meet the rights costs of US\$20,000 in addition to US\$23,400/ being the satellite delivery cost, which has not so far been paid to ABU despite their repeated insistence.

PAC DIRECTIVE

The Committee directed MD PTV to hold an inquiry and in case malafide is established action should be taken as admissible under the rules. A report has to be submitted to the Committee within one month.

DG AUDIT CUSTOMS & PETROLEUM

**2. AUDIT PARA: 7.1, PAGE: 193 AUDIT REPORT 2002-03
NEED TO REVISE RATES OF STAMP DUTY/OTHER LEVIES**

Audit pointed out that the administration of the Islamabad Capital Territory was transferred from the Punjab Government to the Federal Government w.e.f. 1-1-1981. On this eve, ICT adopted revenue laws and tax structure of the Punjab Government. Accordingly, it has been collecting various taxes and duties such as motor vehicles tax, stamp duty, registration fee, hotel tax etc. in accordance with respective acts applicable to the Punjab province but generally at rates prevalent as on 31-12-1980, the date preceding immediately on which the administration was transferred from Provincial Government to the Federal Government. In view

of inflation during the last 24 years and increase in administrative expenditure and also to meet their revenue requirements, the Government of the Punjab and other provincial governments enhanced rates of duties and taxes from time to time in their jurisdictions. The Chief Commissioner, however, took no steps to rationalize the structure of duties and taxes to bring it in line with that of provincial governments. Resultantly, rates of taxes and duties in the ICT remained almost stagnant.

In order to arrest the situation, the ICT should develop their own organization which should review the rates of their taxes with a view to rationalizing them from time to time. In case the establishment of such an organization is not considered feasible and economical, the ICT may make amendment in their tax laws to adopt rates of taxes etc. of any one of the federating units on regular intervals.

PAO informed that stamp duty on release of deeds is going to be charged according to rates of Punjab Government i.e. 4% of the value of the property for which evaluation table has to be revised accordingly. Other rates are being revised accordingly at par with rates levied by other Provincial Governments.

Colleges, Research Institution or Technical Departments were allowed advance increments on possessing/acquiring higher qualification. The matter was referred by the Ministry of petroleum and Natural Resources to extend this facility to OGDCL employees to Finance Division on May 26, 1998. The Finance Division clarified on July 10, 1998 that the above facility had not been extended to the employees of Autonomous/Semi-Autonomous Bodies. But in violation of these instructions the management of OGDCL allowed four advance increments to its officers on the analogy of government rules resulting into overpayment of Rs 634. 884 till February, 2002.

The Management replied that the Board of Directors in their resolution dated 23.08.2003 has approved the adoption of Government of Pakistan notification No. F(1)Imp/83 and F-1/7/Imp-11/87 dated 18.08.83 and 01.07.87 respectively by the then Chairman OGDC. Board also decided that salary of Mr. Muhammad Afzal Chaudhry (OG-1566) and Mr. Muhammad kif (OG-1976) being not eligible for the advance increments under the above notifications be re-fixed with effect from 1.09.2003 as if no advance increment had been allowed to them. Management informed that 4 officers were awarded advance increments in this regard. 3 have been retired and 1 is in service and its impact is Rs. 634,884. However, on October 02, 2015, the CCOP decided that as the Government of Sindh (GoS) had expressed interest in acquiring PSM, they should be offered to acquire PSM with all its assets and liabilities. The Government of Sindh, after a long correspondence replied that provincial Government cannot make a decision till the following actions are taken by GOP, to facilitate GoS in making the final decision:

- Share PC's Financial Advisor's technical and financial due diligence reports
- Restore gas supply to PSM immediately to avoid permanent damage to PSM

- Once Government of Sindh takes over PSM and clears its current liability towards Sui Southern Gas Company Limited (SSGCL), the gas supply shall be immediately restored
- Requesting that the FINAL OFFER of GoS on acquisition of PSM, based on the offer of the Federal Government, i.e. on an "as is where is", may kindly be conveyed within 2-3 weeks.

Subsequently, pursuant to the approval of PC Board dated December 09, 2014, the privatization process of HEC was initiated. However, the transaction could not be concluded as the sole bidder failed to deposit the balance sale consideration. In March 2016, PC Board annulled the process and authorized PC Management to re-initiate its privatization. Accordingly, the Expression of Interest (EOI) for hiring the services

of a Financial Advisor (FA) was published in the national press media on May 09, 2016 with the deadline for submission of the same as June 24, 2016. Two Interested Parties have expressed interest. The process of evaluation for hiring of FA is currently under process.

Under the Rehabilitation Plan approved by the Federal Cabinet in 1994, the Company's Badami Bagh Works was closed down and its entire machinery and structures were shifted to Kot Lakhpat Works. The Badami Bagh Works vacant land was handed over to PC for sale. CCOP in its meeting held on November 06, 2001 decided for gradual winding up of the company and offered GHS/VSS to the employees. Consequently, except Managing Director, all the regular employees were laid off under GHS/VSS. PECO is listed on all stock exchanges of the country. The GoP shareholding in the company as of 30th June 2003 was 54.49%. During FY 2004-05, National Investment Trust (NIT) sold 1,179,530 shares of the company, without consulting PC, Ministry of Finance or SEC/PECO. This was against the GoP instructions to not to trade in entities wherein as a consequence of trading the GoP shareholding would fall below 51%. The shareholding of SEC and other Governmental Institutions in PECO is now 1,891,175 shares which constitutes 33.24% of the total shareholdings. Private shareholding on the other hand has been increased to 3,799,070 shares which constitutes 66.76% of total shareholding. Consequently, in proportion to the increase of private shareholding, the number of private elected directors has been increased from three (3) to six (6) and the number of Government nominated directors has been decreased to three (3). However, the management of the company is still under the control of the Government.

Presently, NAB Sindh is handling the issue of unauthorized sale of PECO shares. PC is pursuing the matter with NAB for an early solution.

MORAFKO INDUSTRIES LIMITED (MIL)

The PAO presented to the Committee that Morafko Industries Limited (MIL) is a closed unit of Ghee Corporation of Pakistan (GCP) and currently is under the control of Pakistan Industrial Development Corporation. MIL was incorporated as a Private Limited Company in 1960 and was converted to a Public Limited Company in 1965. The Company closed its operations in 1997. All the regular employees were released through VSS/GHS. However, few employees (7) are still engaged on temporary basis for security, upkeep and to assist in compilation of books and other records. The assets of MIL include a redundant plant and 101 Kanals & 17 Marlas of land in Faisalabad. The Revenue Record reflects that the

land is owned by the Government of Punjab. Six attempts (including one by MoI&P) to privatise / dispose-off the Unit have been attempted in the past but could not materialize, primarily due to the issue of title of land which is in the name of Provincial Government. PC, in October 2013, has been mandated by the CCoP for the sale of MIL's Machinery on 'as is where is basis'. Its book value is less than Rs. 1 million and its liabilities are 845 million.

SURAJ GHEE INDUSTRIES LIMITED (SGIL)

The PAO briefed to the Committee that on December 28, 1992, PC sold 51% shares of Suraj Ghee Mills to M/s Trade Lines (the 'Buyer') at a price of Rs. 41.578 million which was later reduced to Rs. 11.564 million due to audit adjustment. Rs. 10.810 million were paid by the Buyer at the time of signing the Sale Agreement on December 28, 1992. The management control was to be transferred to the Buyer on January 05, 1993, subject to the following:

- Payment of Rs. 10.810 Million the receipt whereof was acknowledged in Clause (2) of the Sale Agreement
- Submission of Bank Guarantee for the Balance Sale Consideration in three equal installments @ 14% p.a.

PAO informed that the Buyer committed a number of irregularities including sale of hypothecated stock, utilization of employees' legal deposits and default in payment of wages and other legal dues to workers and also failed to meet its contractual obligations.

PAO told that as the buyer was on fault therefore privatization commission decided to repossess the unit in line with clause 6 of the Sale Agreement. Due to the huge liabilities of the Unit, the matter was referred to CCoP on the request of GCP. On October 04, 1993, CCoP took the decision to liquidate the unit and consequently GCP, being major creditor, filed the liquidation petition before the Lahore High Court, Lahore, being C.O. No. 121/1994. To counter the liquidation proceedings, the Buyer instituted a Suit for Declaration, Permanent Injunction and damages amounting to Rs. 297.8 Million in the Lahore High Court, Lahore, against the Government of Pakistan and GCP being C.S. No. 261/1994. On September 23, 2005, Lahore High Court, Lahore, decided that before proceeding further in the liquidation proceedings filed by the GoP, the dispute between the Buyer and GoP be referred to an Arbitrator and, accordingly, appointed Mr. Justice (Retd.) Mian Mehboob Ahmed. On June 26, 2006, after conducting detailed proceedings in the matter, the Arbitrator gave an award of Rs. 33.204 million along with markup @ 14% per annum from May 03, 1993, in favor of the Buyer. PC filed objections to the award. However, the said objections were dismissed by the Lahore High Court, Lahore. The matter is still pending in Lahore High Court, Lahore. PC is rigorously pursuing the same.

Additional Secretary M/o Industries and Production proposed that after the start of CPEC, the program of privatization should be reconsidered and the profit making units should be withdrawn from the list of privatization.

It was also brought to the notice of committee that all the dead units are being supported from the loan provided by Pakistan Industrial Development Corporation. The Committee was also apprised that the defaulters depicted in the process of privatization have been blacklisted for future.

PAC DIRECTIVE

The Committee during the course of briefing gave the following directions:

1. The Committee directed the PAO to take the all stake holders on board and finalize the process of privatization as per Policy of Government of Pakistan instead of making the process complicated and unsolvable.
2. The Committee directed the NAB to submit the update position of investigation about the sale of shares of Pakistan Engineering Company (PECO) within two months.
3. The Committee directed the PAO to pursue the cases in court vigorously and wherever it is possible, the efforts should be made to settle the cases out of court.

AUDIT REPORT FOR THE YEAR 2002-03

3. i. AUDIT PARA-2.1 PAGE 41 AR (2002-03) LOSS OF SR 9.81 MILLION AS HAJJAJ WERE ACCOMMODATED IN THE BUILDING AT MAKKAH OVER AND ABOVE THE TASREEH.

Audit pointed out that the Kingdom of Saudi Arabia and Government of Pakistan have fixed 3 square meter space per Hajj. No deviation from this condition is permissible and no building can be rented out without approval of Saudi authorities in the form of Tasreeh (a document certifying

the capacity of Hujjaj who could stay in a particular building). The basis of hiring is thus Tasreeh and not the Tamteer carried out by the Mission (Hajj Directorate). The accommodation of Hujjaj in excess of Tasreeh is in violation of Saudi laws. The Audit team told that the contracts of 170 buildings out of 391 buildings hired for Hajj 2001 and observed that in 59 cases of hired buildings, the capacity as per Tasreeh was 31,544 but the agreements were concluded for 35,865 Hujjaj i.e. 4321 Hujjaj over and above the Tasreeh in violation of Saudi law and Government of Pakistan's Hajj policy. Excess accommodation of 4321 Hujjaj over the capacity resulted into overpayment of S.R. 6.76 million besides causing inconvenience to the Hujjaj.

Besides this the loss of SR 171,200 was calculated violating the rules of Tasreeh.

The Committee was informed by Audit that DAC meetings pertaining to Audit Paras of FBR had been held but not represented by the department at appropriate level which is the Chairman and consequently the status of all paras discussed in the DAC held in 2004 remains the same.

The Committee further observed that all other Ministries have managed to hold DAC meetings even at a short notice of one week prior to appearing before the PAC and it was really disappointing and a sad state of affairs that an important organization such as FBR should come up with the excuse that DAC has not been held hence some Paras should be deferred. The Committee directed the Senior Member FBR to convey displeasure of the Committee to the Chairman FBR.

The Senior Member FBR extended his apologies for not convening a DAC meeting prior to the meeting of the Special Committee-II.

FEDERAL BOARD OF REVENUE

ACTIONABLE POINTS

Actionable Points arising from the discussion of meeting of PAC held on 19th January, 2017 while examining Audit Reports/ Special Audit Reports for the year 2002-03 pertaining to Federal Board of Revenue (FBR) are given below:-

1. i. PARA 1.2, PAGE 136-137, AR 2002-03

NON-ADJUDICATION OF CONTRAVENTION CASES WITHIN THE TIME PERIOD PRESCRIBED UNDER LAW- RS. 1,574.614 MILLION

Audit pointed out that under various provisions of taxation laws, contravention cases involving recovery of government dues are required to be adjudicated within 90 days or under special circumstances this period can further be extended by 90 days (i.e. total 180 days). Audit observed that these instructions were generally not followed by the concerned Collectorates of adjudication. Audit told that 738 cases of Rs1,574.614million pending for adjudication after lapse of stipulated period ranging from one month to more than 25 months.

ii. PARA 1.4, PAGE 139, AR 2002-2003

NON-COMPLIANCE OF THE SALES TAX REFUND RULES, 2000 BEFORE SANCTION OF REFUND – RS. 243.048 MILLION

Audit pointed out that according to rule 5 of the Sales Tax Refund Rules, 2000 (SRO 417(1)2000 dated 20th June 2000), the processing officer shall carry out necessary examination and scrutiny to ascertain the bona fides of the refund claim and that the sales tax return should be supported by required documents to prove the genuineness and admissibility of the refundable amount. Audit observed that refunds were sanctioned to registered persons on account of purchases made from those registered persons whose names were mentioned in the list of suspected units prepared by the FBR on the basis of fake/ flying invoices. In such cases the officer-incharge of refund was required under rule 5 of the Refund Rules, 2000 to make necessary scrutiny / verification including examination of relevant business record and stock taking for determining the genuineness and admissibility of refund claims.

PAO informed the committee that due to reshuffling in the FBR the record of some causes is not being traced. The PAO ensured that the record will be retrieved within 45 days and recovery materialized.

PAC DIRECTIVE

The Committee clubbed the above two paras and recommended the paras for settlement to the extent of amount recovered and regularized and pended the para till recovery of balance amount.

2. **PARA 1.3, PAGE 137, AR 2002-2003**
MISUSE OF SECTION 3(1A) OF THE SALES TAX ACT, 1990 LEADING TO
POSSIBLE EVASION OF SALES TAX AND CENTRAL EXCISE DUTY RS.
989.652 MILLION

Audit pointed out that according to the Sales Tax Act, 1990, a registered person is required to pay sales tax on taxable supplies made in the course or furtherance of any taxable activity. Under section 3 (1A) of the Act, if supplies are made to un-registered persons, further tax of 3 % is required to be levied in addition to sales tax. Under section 22 of the Act *ibid*, a registered person is required to maintain record of supplies showing the description, quantity and value of goods, name and address of the person(s) to whom the supplies are made, the amount of tax charged, etc.

Cigarettes are subject to levy of central excise duty as well as sales tax on retail price basis. Filter rods which are solely used in the manufacture of cigarettes are also subject to sales tax @ 15 % (taxable supplies). A registered person in the jurisdiction of the Collectorate of Sales Tax and Central Excise West), Karachi had shown supplies of filter rods (190.080 million in numbers) to a number of un-registered persons with addresses and locations in Islamabad, some districts of Punjab and AJK. The supplies being made to unregistered persons, a further tax of 3 % had been charged in addition to the standard rate of sales tax of 15 %. Filter rods are the basic raw material of cigarette manufacturing industry and are used only in the manufacture of filtered cigarettes. Sale of filter rods to un-registered persons was viewed as a source of evasion of sales tax and central excise duty by cigarette manufacture. Hence the matter was conveyed to the FBR in December, 2003.

PAO informed that M/s Paramount has provided details of un-registered persons who are mainly residents of Bajor Agency, FATA, Charsadda / Mardan and district of KPK. Gujrat Punjab and Muzafarabad AJK. . M/s Paramount has further furnished a copy of stay order issued by Honourable Sindh High Court dated 01-12-2014 and 28-04-2015 against the prohibition of supply of filter rods to un-registered persons. PAO informed that now system has been improved and its supply to unregistered person is not possible.

PAC DIRECTIVE

The Committee settled the para.

3. **PARA 1.1, PAGE 135 AR 2002-03**
NON-COMPLIANCE OF ENACTED PROVISION REGARDING RECOVERY OF
GOVERNMENT REVENUE –RS.497.741 MILLION

Audit pointed out that according to section 48 of the Sales Tax Act, 1990, section 11 of the Central Excise Act, 1944 read with the Central Excise Recovery Rules,

1992 and the Sales Tax Recovery Rules, 1992, tax authorities may recover government dues through prescribed procedure. Notwithstanding this, government revenue of Rs. 497.741million accruing as a result of adjudication of contravention cases remained unrealized.

PAO informed that only Rs. 123 million is pending and it needs some reconciliation and will be recovered shortly.

PAC DIRECTIVE

The Committee referred the para to DAC for reconsideration.

4. **PARA 8.2.2, PAGE 197-198 AR 2002-03**
REFUND OF SALES TAX WITHOUT OBSERVANCE OF SECTION 73 OF THE
SALES TAX ACT, 1990- RS. 83.491 MILLION

Audit pointed out that the Section 73 of the Sales Tax Act, 1990, provides that no input tax adjustment/refund is admissible to a registered person unless the payment in respect of a transaction exceeding fifty thousand rupees is transferred from the business account of the buyer to the business account of the seller within 120 days through a crossed banking instrument. The Collectorate of Sales Tax Lahore and Faisalabad paid refund of Rs. 83.491 million in 12 cases without fulfillment of the said law. The Collectorate of Sales Tax Lahore was requested to provide the proof of payments and bank statements of processing of the balance refund claim.

PAO informed that 88% action has been taken and 12 % is pending which will be finalized up to 31st January, 2017.

SUB-COMMITTEE DIRECTIVE

The Committee pended the para.

5. **PARA 5.2, PAGE 176 AR 2002-03**
NON-PAYMENT OF SALES TAX ON GINNED COTTON-RS. 52.898 MILLION

Audit pointed out that violating the Special Procedure for Ginning Industry Rules 1996. 26 spinning units purchased ginned cotton from 61 ginneries (situated in the jurisdiction of the Collectorate of Sales Tax Multan) did not paid sales tax leviable. This caused non-realization of sales tax of Rs. 52.898 million.

Audit apprised the committee that the recovery of outstanding amount still is required and department may be asked to expedite the balance recovery.

PAO informed that maximum amount has been recovered. He requested the Committee to provide two months time for recovery of the balance amount.

PAC DIRECTIVE

The Committee directed the PAO to recover balance amount and pended the para.

6. **PARA 5.4 (B), PAGE 181 AR 2002-03**
NON PAYMENT OF FURTHER TAX IN RESPECT OF SUPPLIES MADE TO
UNREGISTERED PERSONS RS. 8.134 MILLION

Audit pointed out that 192 coal miners / registered persons with the Collectorate of Sales Tax, Quetta did not pay 3% further tax on supply of coal made to un-registered persons. This led to short payment of government revenue of Rs 8.134 million.

PAO informed that the recovery in the Baluchistan was difficult and efforts are being made for recovery.

PAC DIRECTIVE

The Committee directed the PAO to recover balance amount and pended the para.

7. **PARA 5.6 (C), PAGE 18 AR 2002-03**

PERSONS DUE TO UNDERVALUATION –RS. 7.334 MILLION

Contrary to this, three registered persons declared the value of supply less than that worked out as per the agreed formula. This resulted in under-assessment of sales tax. The registered persons also violated other provisions of the Act ibid such as section 7(1) and 73 etc. This led to short payment of sales tax of Rs 7.334 million.

PAO informed that the recovery from two companies was due and those firm have been closed and Directors of the firms are not traceable.

PAC DIRECTIVE

The Committee directed to recover balance amount and pended the para

**8. PARA 5.1 (B), PAGE 172 AR 2002-03

3.870 MILLION**

Audit pointed out that four units in the jurisdiction of the Collectorate of Sales Tax Multan purchased pesticides in bulk quantity valuing Rs 15 million but did not declare their supplies while the goods were repacked and sold leading to evasion of sales tax of Rs 3.870 million.

PAO informed that the amount involved has been written off as per rules.

PAC DIRECTIVE

The Committee settled the para.

**9. PARA 1.12, PAGE 147-148 AR 2002-03

20. AUDIT PARA-1.2(3)(4), PAGE-136 AUDIT REPORT 2002-03
NON-ADJUDICATION OF CONTRAVENTION CASES WITHIN THE TIME
PERIOD PRESCRIBED UNDER LAW – RS. 50.850 MILLION

Audit pointed out that under various provisions of taxation laws, contravention cases involving recovery of government dues are required to be adjudicated finally within 90 days or under special circumstances this period can further be extended by 90 days (i.e. total 180 days). Audit observed that these instructions were generally not followed by the concerned Collectorates of adjudication and consequently revenue of Rs. 50.850 million remained non-adjudged.

PAO informed that an amount of Rs. 498,185 has been recovered and an amount of Rs. 7,927,887 has been regularized. The balance amount could not be recovered because the matter is subjudice in the court of law.

PAC DIRECTIVE

The Committee directed the PAO to pursue the case for recovery of balance amount in the court of law and pended the para.

21. AUDIT PARA-1.10, PAGE-145 AUDIT REPORT 2002-03
BLOCKADE OF GOVERNMENT REVENUE DUE TO DELAY IN DISPOSAL OF
CONFISCATED GOODS – RS. 24.818 MILLION

Audit pointed out that the Customs General Order No. 43/99 of 26th October, 1999, provides various options for disposal of different categories of confiscated goods such as, sale to the authorized outlets like Canteen Store Department, Utility Stores Corporation, Cooperative Stores of the Provincial Governments, PIA, Duty Free Shops Ltd, etc or their auction in accordance with the prescribed procedure. Such goods are not disposed of regularly leading to blockade of government revenue besides depreciation in value of the goods with the passage of time. In four Collectorates in illustrative cases, non-disposal of goods worth Rs.24.818 was found pending for disposal for a period ranging up to 5 years.

PAO informed that an amount of Rs. 4.03 million has been recovered, an amount of Rs. 0.82 million was not due. He further added that as regard the recovery of tempered vehicle (0.4 million), it will be recovered by the disposing of the said vehicle in the next auction.

PAC DIRECTIVE

The Committee settled the para subject to full recovery of amount and verification by the Audit.

**22. AUDIT PARA-1.9, PAGE-144 AUDIT REPORT 2002-03
BLOCKADE OF THE GOVERNMENT REVENUE DUE TO VIOLATION OF
ENACTED PROVISIONS REGARDING WAREHOUSING OF GOODS - RS.
17.489 MILLION**

Audit pointed out that according to section 98 of the Customs Act, 1969, imported goods other than perishable goods notified by Central Board of Revenue may remain in a warehouse for a period of one year. This period is extendable by the competent authority on sufficient cause shown by the owner of the goods subject to the condition that the importer pays in advance for the extended period, a surcharge at the rate of 2% per month of duties and taxes leviable thereon. Failure to do this, the owner of the goods is liable to pay full amount of duty together with rent, penalty, surcharge and other leviable under the law. Contrary to this, certain imported goods remained in different warehouses beyond the period prescribed under the law. The respective bonders also did not request for extension of warehousing period on payment of advance surcharge nor did customs authorities take cognizance of this violation of law leading to blockade of government revenue. This inefficiency of customs staff and weak monitoring system caused blockade of government revenue of Rs. 17,489,979 in only 8 bonded warehouses whereas total number of bonded warehouses country-wide are more than one thousand in which blocked revenue might be manifold.

The PAO informed that the whole amount has been recovered and verified by the Audit and an amount of Rs. 0.355 million has been recovered but still not verified by the Audit. It documents will be submitted to Audit for verification.

PAC DIRECTIVE

The Committee settled the para subject to verification of record of recovery by the Audit.

**23. AUDIT PARA 3.2, PAGE 154 AUDIT REPORT 2002-2003
IN-ADMISSIBLE REFUND OF CUSTOM DUES – RS.16.797 MILLION**

Audit pointed out that according to section 81 of the Custom Act, 1969, if it is not possible to assess custom dues for the reason that the goods required further inquire for the purpose of assessment or complete document have not furnished in respect of imported goods, the duty payable on such goods may be assessed provisionally and the final assessment should be made within 180 days (6 months) of the date of provisional assessment or exceptional circumstances, it is extendable for ninety days (three months). If the assessment not finalized with

the prescribed or extended period (180+90=270 days), the provisional assessment become final. Contrary to this, the collectorate of Customs, Quetta allowed refund of custom duty during the period from January 2002 to June 2002 paid on Iranian cement imported in June and July 1999. At the time import, the goods were provisionally assessed @ US \$ 46 PMT. The final assessment was, however, made later @ US \$ 32 PMT in August 2002 i.e. much after the expiry of the permissible /extend period of nine months. The provisional assessment made earlier @ US \$ 46 PMT in June and July, 1999 had attained finality latest by March/April 2000 in the light of above referred law. The reduction in value as such the assessment of custom duty being barred by time was not admissible under the law. Thus, the creation of any refund on this basis was unlawful. Besides, the refund of custom duties was not admissible as the burden of incidence of taxes had already passed on to the consumer. Notwithstanding this, the Collectorate of Customs Quetta allowed inadmissible refund of custom duty of Rs.12,160,000 Central Excise Duty of Rs.4,243,000 and sales Tax of Rs.394,000 aggregating to Rs.16,797,000 during the period from January 2002 to June 2002.

The PAO informed that the case regarding valuation of Iranian cement was finalized by the Baluchistan High Court. Accordingly the revenue has been collected at the value finalized by the Court. It became late because the matter was in the Court of law.

PAC DIRECTIVE

The Committee settled the para.

24. AUDIT PARA 3.3, PAGE 155 AUDIT REPORT 2002-2003 NON REALIZATION OF GOVERNMENT DUES OWING TO INSUFFICIENT ACTION RS. 6.305 MILLION

Audit pointed out that the CBR allowed provisional release of machinery to an importer in December 1999 under SRO 27(I)/98 dated 17th January, 1998, which allows exemption to plant, machinery and equipment imported by export-oriented or value-added industry. The release was allowed against an undertaking along with post-dated cheques equivalent to the amount of duty & taxes, as the importer had requested the Board of Investment for categorization of his industry as value-added industry. The request of the importer was rejected by the Board of Investment in January, 2001 stating that they did not qualify the criteria of value addition of 40% as laid down in the said SRO. The CBR asked the Collectorate of Customs (Appraisement) Karachi in February, 2001 that the benefit of the said SRO was not admissible to the machinery so imported. The collectorate was required to recover the government dues involved immediately for which they had in their possession postdated cheques of the importer, but no action was taken for 15 months and the importer went into appeal in the Sindh High Court in May 2002. The Honourable High Court remanded the case to the Board of Investment on 31st May, 2002 asking them to

decide the case afresh within 02 months. The Board of Investment, however, did not decide the case till the finalization of this report in June 2004. In order to make good the government dues, the collectorate issued a demand notice on 5th May 2003 for an amount of Rs. 6,305,255 instead of getting the postdated cheques encashed which defeated the very purpose of obtaining postdated cheques. The demand notice was also not pursued although there was no stay against recovery from any court of law.

PAO informed that the Honorable Sindh High court referred the case to the Board of Investment to decide the case within two months. He told that the Board of Investment is being requested to resolve the issue as early as possible. Audit would be intimated of the final outcome in due course.

PAC DIRECTIVE

The Committee settled the para.

**25. AUDIT PARA 3.6, PAGE 160 AUDIT REPORT 2002-2003
BLOCKAGE OF GOVERNMENT REVENUE DUE TO NON DISPOSAL OF
CONFISCATED VEHICLES –RS. 4.030 MILLION**

Audit pointed out that according to the Registration of Auctioneers and Auction Procedure Rules, 1996 read with Customs General Order No.43/99 of 26th October 1999, goods including motor vehicles ripe for disposal are required to be disposed of through public auction as per procedure laid down therein. Contrary to this, Inspector General Frontier Corps, Quetta under the administrative control of the Ministry of Interior did not dispose of 19 vehicles confiscated during the period from July 1999 to December 2001, thus blocking government revenue of Rs. 5,480,000 (on appraised value basis) because there was no mechanism to monitor disposal of confiscated goods/vehicles although confiscation is their routine and continuous process. The Collectorate of Custom Quetta having jurisdiction could not take notice of non-disposal of confiscated vehicles.

PAO informed that the auction of vehicles as per direction of DAC has been completed and all the documents has been shown to Audit.

PAC DIRECTIVE

The Committee settled the para subject to verification of record by the Audit.

**26. AUDIT PARA-3.4 (A), PAGE-156 AUDIT REPORT 2002-03
UNDUE BENEFIT TO IMPORTERS LEADING TO SHORT REALIZATION OF
CUSTOMS DUES - RS. 1.508 MILLION**

Audit pointed out that the Customs authorities under the Collectorate of Customs, Lahore misclassified certain imported goods attracting lower rate of customs duty. The misclassification resulted in short-realization of customs dues of Rs. 1,508,651. The irregularities were pointed out to the concerned customs authorities and were also reported to the FBR during 2002-2003. The department informed that the cases were adjudicated for recovery of government dues and that partial recovery of Rs. 72,102 was materialized leaving a balance of Rs. 1,436,54.

PAO informed that Rs. 0.849 million has been recovered and efforts are being made to recover balance amount of Rs. 0.292 million.

PAC DIRECTIVE

The Committee settled the para subject to verification of record of recovery by the Audit.

**27. AUDIT PARA-3.4 (B), PAGE-156 AUDIT REPORT 2002-03
UNDUE BENEFIT TO IMPORTERS LEADING TO SHORT REALIZATION OF
CUSTOMS DUES -RS. 1.378 MILLION**

Audit pointed out that according to the government notification of 18th June, 2001 (SRO 389 (I)/2001), sales tax is leviable@ 20% on import of sheets and butyle acetates. Contrary to this, the customs functionaries under the Collectorate of Customs Peshawar applied lower rate of sales tax on clearance of the said imported goods. The application of lower rate of sales tax resulted in short-realization of government revenue of Rs. 1,377,864.

PAO informed that Rs. 0.124 million has been recovered efforts are being made to recover balance amount of Rs. 1.25 million.

PAC DIRECTIVE

The Committee settled the para subject to verification of record of recovery by the Audit.

AUDIT REPORTS / SPECIAL AUDIT REPORTS FOR THE YEARS 2002-03

FEDERAL BOARD OF REVENUE (Direct Taxes)

1. **PARA 2.1 PAGE 35 AR 2002-03**
SHORT LEVY OF TAX DUE TO ALLOWANCE OF INADMISSIBLE
EXPENSES – RS. 1,717.331 MILLION

Audit pointed out that they observed 26 cases where expenses not admissible under section 23 of the Income tax Ordinance, 1979 and also specifically disallowed under section 24 were allowed by the assessing officers.

Audit told that violating the conditions of clause –X of sub-section -1 of Section 23 of (Repealed) Income Tax Ordinance 1979 in the case of M/s Agriculture Development Bank of Pakistan, provision for bad debts were allowed by the assessing officers. Similarly in other cases, inadmissible expenses were also allowed by the assessing officers, which resulted in short levy of tax amounting to Rs.1,717.331 million.

PAO informed that the loans were irrecoverable and hence were declared as bad debts through a proper procedure in the light of rules and courts decisions. State Bank has certified these loans. The representative of State Bank may be asked to clarify the position. However, the cases of loans which are in court are being pursued vigorously.

The representative of State Bank explained that the State Bank of Pakistan under prudential regulations inspects the banks on regular basis. The criteria of classification of loans is defined in the said rules. State Bank issues certificates to the Banks which are verified by the external auditors and other domains are not questioned by the state bank of Pakistan.

UNREGISTERED PERSONS RS. 8.134 MILLION**

Audit pointed out that 192 coal miners / registered persons with the Collectorate of Sales Tax, Quetta did not pay 3% further tax on supply of coal made to un-registered persons. This led to short payment of government revenue of Rs 8.134 million.

PAO informed that out of 8.134 million an amount of Rs.3.206 million has been settled and efforts are being made for the recovery of balance amount.

PAC DIRECTIVE

The Committee settled the para (to the extent of amount recovered and regularized) subject to verification by the Audit and pended the para till the recovery of balance amount.

PERSONS DUE TO UNDERVALUATION – RS. 7.334 MILLION**

Audit pointed out that contrary to sales tax laws, three registered persons declared the value of supply less than that worked out as per the agreed formula. This resulted in under-assessment of sales tax. The registered persons also violated other provisions of the Act ibid such as section 7(1) and 73 etc. This led to short payment of sales tax of Rs 7.334 million.

PAO informed that only an amount of Rs.2.595 million is pending.

PAC DIRECTIVE

The Committee settled the para subject to verification of record of recovery by the Audit otherwise it should be got written off if admissible under the rule.

**8. PARA 1.12 AR 2002-03
NON-PRODUCTION OF RECORD**

Audit pointed that in a number of cases auditable record was not produced by departmental authorities despite repeated requests and explicit directives of the PAC. The PAC had directed the FBR to ensure production of auditable documents/records to Audit and take disciplinary action against the defaulters.

PAO informed that the matter is subjudice in the court of law therefore the record could not be provided.

PAO informed that on the direction of the Audit, notices were issued to the defaulters for provision of more record of those cases which were finalized by the FBR because Audit was not satisfied. To reopen the closed cases, it was necessary to mention the reason for reopening of case. The defaulters instead of providing the required document challenged the case in the court of law. However, in future such practice will be stopped.

PAC DIRECTIVE

The Committee directed the PAO to probe the issue of non-provision of record, fix responsibility, take action and submit the report to the Audit within thirty days.

APPROPRIATION ACCOUNTS (CIVIL VOL-II) 2002-03

1. GRANT NO.109- WATER AND POWER DIVISION

The AGPR pointed out that the grant closed with excess of Rs. 190,470 which works out to 0.18% of the total grant. A supplementary grant of Rs.950,000 was sanctioned but not included in the supplementary schedule of authorized expenditure.

The PAO explained that this was due to induction of officers with higher pay rates and the relive allowance was granted for which no additional funds were provided. He further told that discretionary grant was not utilized to full extent. The PAO requested to regularize the grant because the excess was 0.7% of the total grant which is nominal. The excess occurred due to grant of 15% special allowance, medical charges, incurred on the cardiac treatment of an officer which reduced allocation for rental payment. He also told that the supplementary grant of Rs.5.00 million could not be utilized due to non-opening of PLA by the technical committee on water resources.

AUDIT REPORT WAPDA / PEPCO 2002-03

4. **PARA NO.1 (WPPO), PAGE NO.10-11, AUDIT REPORT (2002-03)**
LOSS OF RS.1,248 MILLION DUE TO INTEREST ON LATE PAYMENT TO IPPs

Audit point that WAPDA has paid an interest of Rs 1,248 million up to June 2003 on accounts of delay in payments to IPPs. The reason for delay in payment was said to be the non-availability of funds.

Audit stated that the management could not control their system of losses and other expenses, which had disturbed their liquidity position resulting in late payments to IPPs. The para was discussed in DAC meeting on 19.8.2004. DAC directed the management to justify the position. The audit apprised the committee that WAPDA has also paid interest to IPPs due to delay in payments.

PAO informed the committee that the delay in payment to IPPs was due to non-availability of funds with WAPDA. WAPDA had been facing liquidity problems since induction of IPPs. It was due to purchase of electricity from the IPPs at a high rate coupled with a front-loaded tariff. IPPs financial burden was beyond the then paying capacity of WAPDA. It was not possible to avoid delay in payment to IPPs and consequent payment of interest charges. During the last few years, WAPDA had been doing its best to enhance the level of recovery of bills from the public sector entities. WAPDA took up this issue at various levels including the Chief Executive of Pakistan, Federal Finance Minister and M/o Water and Power to expedite payment by all the Public Sector entities and eventually succeeded in appreciable recovery. WAPDA's cash position has however, been improved since July 2003 and payments are now being made to IPPs regularly.

The PAO apprised the committee that DAC in its two meetings held on 20th June 2014 and 15th December 2014 had recommended the para for settlement.

PAC DIRECTIVE

The Committee directed the Audit to conduct the Audit of IPPs and submit facts and figure to PAC.

5. **PARA NO.2 (WPPO) PAGE NO.11-12 AUDIT REPORT (2002-03)**
LOSS TO THE AUTHORITY WORTH RS 12.476 MILLIONS DUE TO WRONG
APPLICATION OF EXCHANGE RATES

Audit pointed out that according to the decision of the Economic Coordination Committee (ECC) of Cabinet "The exchange rate to be used with effect from 29th May 1999 onwards for Indexation of Tariff payment under the Power Purchase Agreement (PPA) with the Independent Power Producers (IPPs) should be the minimum of the TT & OD (Telegraphic Transfer and Overdraft) selling rates of eight Banks, namely ABN Amor, Bank of America, City Bank Ltd, NBP, ANZ Bank, Standard Chartered Bank and United Bank Ltd. Scrutiny of Invoices of payment made to IPPs revealed that WPPO was not complying with the above decision in its true spirit for payment of Energy Purchase Price and Capacity Purchase Price to Altern Energy, Liberty, Habibullah, Saba, Sepcol and KAPCO. The above mentioned IPPs were using closing Exchange rates issued by the eight banks on last day of the month instead of minimum rate. Non adherence of this practice has resulted in overpayment to the IPPs to the tune of Rs 12.476 Million. Audit was of the view that the Government decision through ECC was binding and some of the IPPs are implementing it.

PAO informed that according to the Power Purchase Agreements of IPPs under the 1994 Power Policy, paragraph 12.4 of schedule 6 dealt with the issue of the source of Exchange Rate and stated that the source for exchange rate for US dollar against the Rupee shall be the quotation by the state Bank of Pakistan in the most recently published Exchange Rates Bulletin issued by the Foreign Exchange Rates Committee of the Authorized Dealers Spot TT&OD Selling Rates. He further added that the philosophy behind allowing the adjustment of payments to IPPs under various components of Tariff was to encourage the investors making investment in Pakistan in Power. Power Purchase Agreement was implemented satisfactorily until 1999.

The PAO further added that issue was deliberated at length among WAPDA, IPPs, PPIB, Ministry of Water & Power and Ministry of Finance. The Ministry of Finance was of the view that TT & OD selling rates of NBP may be used following the discontinuation of the practice by SBP. On the other hand, WAPDA proposed the use of the exchange rate of minimum of 08 banks. WAPDA's proposal was adopted in the summary moved by the Ministry of Water & Power for ECC and finally approved. The PAO told that it was rightly assumed that the ECC's decision, while adopting WAPDA's proposal had left the detailed modalities of its application to the two parties. i.e WAPDA & the IPPs. Therefore the ECC's decision is not binding on the IPPs. Since WAPDA's proposal and the ECC's decision reduced the exchange rates benefits. The IPPs approached for amendment in the PPA showed their serious reservation and even issued breach notices to Govt. of Pakistan.

The PAO was of the view that WPPA has applied the said ECC decision in its letter and spirit despite considerable resistance by the IPPs who actually suffered loss on account of the application of the minimum of 08 banks exchange rate.

The PAO stressed that payments were made to all IPPs in accordance with the amendments made in the Power Purchase Agreements (PPAs) of all these IPPs duly approved by Government of Pakistan. Audit was not agreed by the justification given by the PAO.

PAC DIRECTIVE

The committee directed the amount paid to the IPPs was in violation of the ECC decision, therefore, the amount must be recovered there from.

**7. PARA NO.3 (FESCO) PAGE NO.24-25,AUDIT REPORT (2002-03)
NON-FINALIZATION OF PENDING INSURANCE CLAIMS WORTH RS 9.542
MILLION**

Audited presented the para stating that in FESCO Faisalabad, insurance claims for damaged grid station equipment's in GSO Circle, were lodged with Director Insurance WAPDA Lahore. These insurance claims were pending for the last three to eight years, resulting in non-realization of Rs 9.542 million.

relevant record produced to Audit, an amount of Rs.1.992 Million has been verified by the audit and the balance amount Rs.7.620 Million is under process with Audit for verification within one week.

PAC DIRECTIVE

The committee settled the para subject to verification of record by the audit.

8. **PARA NO.4 (FESCO) PAGE NO.25, AUDIT REPORT (2002-03)**
NON REALIZATION OF RS.2.707 MILLION FROM THE CONSUMERS ON
ACCOUNT OF SECURITY DEPOSITS

Audit pointed out that in different operation circles of FESCO Faisalabad, sanctioned loads were extended illegally by the consumers. Under the provisions of Abridged Conditions for Connection, in the event of any addition or alteration made in the existing installation without approval of the competent authority, the supply of said consumer was required to be disconnected without any prior notice. Neither the unauthorized extended loads had been regularized nor removed. Irregular extension in loads was regularized. An amount of Rs 2.817 million on account of security deposits would have been received. Besides this, sanctioned load of one of the consumers had been extended but the security of Rs 0.430 million was less recovered.

The PAO stated that due to strong efforts an amount of 0.211million out of balance recoverable amount 0.459 million has been recovered. He promised to provide its record to the Audit for verification.

PAC DIRECTIVE

The committee settled the para subject to verification of record by the audit.

9. **PARA NO.5 (GEPCO) PAGE NO.31-32, AUDIT REPORT (2002-03)**
WASTEFUL EXPENDITURE OF RS.4.119 MILLION ON CONSTRUCTION OF
AN 11 KV EXPRESS FEEDER

Audit presented the para stating that in GEPCO an express 11 KV feeder was constructed to supply power to Dinga City from 132 KV Kharian Grid Station. This feeder could not be energized due to construction of 132 KV new Grid Station at Dinga City. Meanwhile costly material of 11 KV Express Feeder was stolen. The valuable asset was neither reflected in accounts of the company nor was shown to be owned by any field formation. Thus the expenditure of Rs. 4.119 million incurred on construction thereof had gone waste.

It was brought in the notice of Committee that DAC in its meeting held on 19th August,2004 directed to investigate the case of stolen materiel.

The PAO informed that matter was probed in some conductors /officials were found guilty. FIRs were lodged and recoveries were imposed upon the officials held responsible. He further told that Rs. 0.034 million has been recovered from the official at guilty, and record has been produced to Audit and recovery of Rs. 0.176 million and Rs. 0.101 million was imposed on two officers at fault but recovery could not be insured due to the reasons that both recovery cases are subjudice in the court. Rs. 0.056 million is still under investigation with the formation concerned.

PAC DIRECTIVE

The Committee directed the PAO to ask the defaulters to deposit the outstanding amount. The amount pertaining to GEPCO is settled and part of para which was relating to other formation was pended.

**10. PARA NO.1 (HESCO) PAGE NO.37-38, AUDIT REPORT (2002-03)
LOSS OF RS 627.606 MILLION DUE TO EXCESSIVE LINE LOSSES**

Audit pointed out that in HESCO distribution losses for the year 2001-02 were 33.41% against the fixed target of 30.40%. The percentage of loss over and above the target involved monetary loss of Rs 627.606 million. (5,590 million x 3.01/100 x 3.73).

The PAO presented a long detail of reasons of losses including theft, law and order situation and technical faults. He also explained the measures/steps taken by the department to reduce the losses. He further added that losses have been reasonable reduced due to serious efforts. Besides, above study of losses has been assigned to MS Power Planner International, Lahore which is awaited.

PAC DIRECTIVE

The Committee pended the para with the direction to provide a study report in next meeting.

**11. PARA NO.1 (IESCO) PAGE NO.42, AUDIT REPORT (2002-03)
BLOCKAGE OF AUTHORITY'S FUNDS TO THE TUNE OF RS.117.316
MILLION DUE TO INVENTORY MIS-MANAGEMENT**

Audit pointed out that in IESCO Islamabad electrical material valuing Rs 117.316 million procured during the period 1985-99 was lying in different Regional Stores as obsolete & slow moving items. These items included L.T. PVC (Cable) and street light poles amounting to Rs 83.63 million & Rs 17.27 million respectively. This position was indicative of the fact that the procurement of the material in question was made un-necessarily without estimating the future requirements and caused blockage of Company's funds.

The PAO stated that the material worth Rs. 95.631 million had been utilized and the remaining material amounting to Rs. 21.785 million was lying in store which had already been dealt in Draft Para No. 1198 of Audit Report 2005-06 and was also discussed by the PAC.

PAC DIRECTIVE

The Committee directed the PAO to provide the record of material utilized and evidence of duplication and settled the para subject to verification of record by the Audit.

**12. PARA NO.2 (IESCO) AUDIT REPORT (2002-03)PAGE NO.42-43
NON-REGULARIZATION OF ILLEGALLY EXTENDED LOADS RESULTING
INTO NON-RECOVERY OF RS. 15.750 MILLION ON ACCOUNT OF
SECURITY DEPOSITS**

Audit stated that in IESCO Islamabad, various industrial consumers extended their loads beyond sanctioned loads illegally. Under the provisions of Abridged Conditions for Connection, in the event of any addition or alteration made in the existing installation without approval of the competent authority, the supply of the said consumers was required to be disconnected without any prior notice. The field formations neither disconnected nor removed/regularized the extended loads. Had the extended loads been regularized, an additional amount of Rs 17.775 million would have been realized.

The PAO informed that in all cases, regularization actions (Recovery effect, load found limit) have been taken. The action in the cases amounting to Rs. 1.153 million is pending. The record regarding the pending amount will be provided to Audit.

PAC DIRECTIVE

The Committee settled the para subject to verification of record by the Audit.

**13. PARA NO.1 (PESCO) PAGE NO.54, AUDIT REPORT (2002-03)
LOSS OF RS.678.338 MILLION ON ACCOUNT OF EXCESSIVE
DISTRIBUTION LOSSES AGAINST THE FIXED TARGET**

Audit pointed out that in PESCO Peshawar, during 2001-02 distribution losses were recorded 23% as against fixed target of 21%. Management could not achieve the target in spite of lowering the percentage losses by means of negative losses of 70 independent industrial and Government feeders with average negative losses of 22.46%. Distribution losses at 219 out of 504 feeders

in the settled areas ranged 31% to 90%. The overall excessive losses by 2% over and above fixed target resulted in a loss of Rs 678.338 million ($9093 \times 2\% \times 3.73$) to the Company.

The PAO explained that these losses are due to theft and law and order situation. He also stated that detail of steps/efforts to reduce the losses. He added that the losses have been reduced as compared to previous years.

DAC in its meeting held on 15th December 2014 directed the management to continue efforts for reduction of losses and bringing them within the fixed target by NEPRA. DAC further directed the management to make year wise list of target versus actual loss for the last ten years and get the position stated verified by Audit.

PAC DIRECTIVE

The Committee clubbed the para with para no.1 (HESCO).

**14. PARA NO.2 (PESCO) PAGE NO.54-55, AUDIT REPORT (2002-03)
LOSS OF RS.1.328 MILLION DUE TO NON-IMPLEMENTATION OF
EQUIPMENT REMOVAL ORDER (ERO) CEASING THE RIGHT TO RECOVER
THE DIFFERENTIAL COST OF SUBSTATION AT THE TIME OF RCOs
(RECONNECTION ORDERS)**

Audit pointed out that in PESCO Peshawar, eight consumers were reconnected under the incentive package scheme notified in 08/2000. The disconnection period of all the consumers was more than one year but the equipment was not removed at the time of disconnection. Under the provision of incentive package, the differential cost of material was to be charged from the consumers applying for reconnection within five years of disconnection and credit was to be afforded only if the cost of removed material was originally born by the consumers. The right to recover the differential cost of Rs 1.328 Million at the time of reconnection was ceased due to non-implementation of EROs.

The PAO explained that due to law and order situation of the area, total material could not be removed at the time of disconnection. Subsequently, the consumers applied for reconnection under RCO policy and after recovery of an amount of Rs. 2.29 million, the connections were restored. The amount recovered from the consumers was more than the amount pointed out by Audit. DAC directed the management to get the record in support of the position verified by Audit within one week.

PAC DIRECTIVE

The Committee directed the PAO to provide the record to Audit for verification and pended the para.

**15. PARA NO.3 (PESCO) PAGE NO.55-56, AUDIT REPORT (2002-03)
LOSS OF RS.3.921 MILLION ON ACCOUNT OF ILLEGAL USE OF POWER
DUE TO NON-REMOVAL OF ELECTRICAL EQUIPMENT**

Audit apprised the Committee that in PESCO Peshawar, at the time of implementation of Equipment Removal Order (ERO) in June 2000 against an industrial consumer under Tariff B-2, 400 KVA transformer was not removed from site. According to Deputy Manager (OP) Nowshera, memo dated September 21, 2002 the consumer used the said equipment for domestic purpose by extending LT Line as the area was plotted for Housing Society. This resulted in a loss of Rs 3.921 million. The matter was reported to the Management in August 2003, it was intimated that illegal utilization of 400 KVA Transformer by consumer would be got investigated. 400 KVA Transformer was removed and returned to store on 03.04.2003. The management was required to investigate loss on account of illegal installation of LT lines and use of energy for 27 months. Audit insisted to give comprehensive reply along with documentary evidences.

PAO informed that an inquiry had been conducted on the issue. According to the findings of the inquiry committee the set of transformer was removed and returned back in the store.

18. PARA NO.6 (PESCO) PAGE NO.57-58 AUDIT REPORT (2002-03)
NON-CAPITALIZATION OF WORKS OF 11KV FEEDERS EXECUTED WITH
AN EXCESS EXPENDITURE OF RS 73.723 MILLION

Audit pointed out that in PESCO, 39 works of 11 KV feeders sanctioned with an estimated cost Rs 104.024 million during the period 1992-98, were executed with an expenditure of Rs 177.747 million. The expenditure on these works was incurred till 1998 thereby resulting into excess expenditure of Rs 73.723 million beyond the sanctioned estimates. Completion reports for capitalization/transfer of these works to operating fixed assets had not been prepared and the same were appearing as works in progress. Moreover, handing/taking over of the works showing the line inventory were not finalized, in the absence of which, the material installed at sites against that drawn from store could not be ascertained.

Non-capitalization of the works and the excess expenditure to the extent of Rs 73.723 million indicated mismanagement of material/funds.

The PAO informed the committee that out of the 39 feeders, work at 33 feeders had been completed and handed over to concerned operation divisions. In this regard a joint verification report was made and inquiry was also conducted. Disciplinary proceedings were initiated but in some cases, inquiries are still pending.

PAC DIRECTIVE

The Committee directed the PAO to look into the matter and submit a comprehensive report in the next meeting.

OF EXTENSION OF LOAD AND LESS ASSESSMENT OF ILLEGAL
CONNECTIONS**

Audit pointed out that in PESCO Peshawar, the Surveillance Team during its survey of Industrial Connections in FATA pointed out that 62 consumers had extended their load un-authorizedly and 11 connections were running illegally. The supply of said consumers was required to be disconnected. The field formations neither disconnected nor regularized the extended loads which resulted in less recovery of Rs 29.717 million on account of security deposits and fixed charges. A sum of Rs 85.995 million was also less recovered in case of 32 connections due to less assessment, aggregating loss of Rs 115.712 million.

The PAO replied that amount relating to tribal areas has been recovered and record will be provided to Audit for verification.

PAC DIRECTIVE

The Committee settled the para subject to verification of record by the Audit.

**22. PARA NO.12 (PESCO) PAGE NO.61-62 AUDIT REPORT (2002-03)
LOSS OF RS.15.303 MILLION DUE TO WRONG APPLICATION OF TARIFF**

Audit presented the para stating that in PESCO, Peshawar, the whole load of a government sponsored hospital was sanctioned under industrial Tariff B-3 since September 1996 which was required to be charged under Tariff A-1. Resultantly Rs 12.43 million were less recovered on account of wrong application of Tariff. Similarly government offices and guest houses were wrongly charged under Tariff A-1 instead of applicable Tariff A-2 which entailed short recovery of Rs 2.327 million. In another case, a connection in the name of 'Tatara Park' was sanctioned under Tariff B-1 with 12 KW load whereas the connected load was 80 KW comprising 9 KW light load and 71 KW motive load. So Tariff B-2 was required to be charged to 71 KW load and A-2 to light load. Due to wrong application/sanction of Tariff, an amount of Rs 0.546 million was less recovered.

Thus the Company faced a loss of Rs 15.303 million due to wrong application of Tariff.

PAO replied that amounts of Rs.0.713 million and Rs. 255,810/- had been verified by the Audit. As regard AP2040,2041 and 2042 the tariff was charged rightly.

Audit stressed to provide the record in sport of load regularization for verification.

PAC DIRECTIVE

AUDIT REPORT (2002-03)

(POWER DIVISION)

1. **PARA NO.1, PAGE NO.10-11 (WPPO) AUDIT REPORT (2002-03)**
LOSS OF RS.1,248 MILLION DUE TO INTEREST ON LATE PAYMENT TO
IPPS

Audit pointed out that WAPDA paid an interest of Rs 1,248 million up to June 2003 on accounts of delay in payments to IPPs. Audit was of the view that the management could neither control system losses nor they were able to improve their recovery and other expenses, which disturbed its liquidity position resulting in late payments to IPPs.

PAO informed that this is a systematic problem. There are more obligatory payments and funds are less with the Power Division due to which payments to IPPs became late. To address the issue a Committee headed by Attorney General of Pakistan has been constituted. Legal team of the Power Division and all other stakeholders will be included in this Committee. Payments are made as and when funds became available. Payments are made according to a proper formula. The circular debt is accumulated from many years. Necessary legislation in this regard is under process.

PAC DIRECTIVE

The Committee pended the para.

2. **PARA NO.5, PAGE NO.31-32 (GEPCO) AUDIT REPORT (2002-03)**
WASTEFUL EXPENDITURE OF RS.4.119 MILLION ON CONSTRUCTION OF
AN 11 KV EXPRESS FEEDER

Audit pointed out that in GEPCO an express 11 KV feeder was constructed to supply power to Dinga City from Kharian Grid Station. Meanwhile, new Grid Station at Dinga City was constructed. The costly material of 11 KV Express Feeder was stolen from site as this was not energized. These assets were neither reflected in accounts of the company nor shown to be owned by any field formation. Thus, the expenditure of Rs. 4.119 million incurred on construction of 11 KV feeder gone wasted.

PAO informed that an amount of Rs. 3.32 lac has been imposed upon the one official and the matter of second official is in the Court who were held responsible. The entire amount relating to JEPCO has been verified by the Audit and the balance amount pertaining to IESCO is subjudice in the court of Law.

PAC DIRECTIVE

The Committee recommended the para for settlement to the extent of amount recovered subject to verification by the Audit and directed the PAO to pursue the case in the Court of Law, vigorously.

**3. PARA NO.1, PAGE NO.37-38 (HESCO) AUDIT REPORT (2002-03)

LOSS OF RS.678.338 MILLION ON ACCOUNT OF EXCESSIVE
DISTRIBUTION LOSSES AGAINST THE FIXED TARGET**

Audit pointed out that in PESCO Peshawar, during 2001-02 distribution losses were recorded 23% as against fixed target of 21%. The overall excessive losses by 2% over and above fixed target resulted in a loss of Rs 678.338 million to the Company.

PAO informed that efforts are being made to minimize the distribution losses. The Cabinet Committee on Energy is regularly examining the issue. Joint Secretary M/o Energy is personally looking into the matter of line losses. Situation is being managed on emergency basis.

PAC DIRECTIVE

The Committee directed the PAO to prepare a comprehensive plan to minimize the losses and submit it to the Audit/PAC within 30 days.

5. **PARA NO.4, PAGE NO.56 (PESCO) AUDIT REPORT (2002-03)**
DOUBTFUL CONSUMPTION OF MATERIAL TO THE TUNE OF RS.19.522
MILLION

Audit pointed out that in PESCO Peshawar, material for bifurcation/rehabilitation of various 11 KV feeders was drawn and shown installed as per completion reports. He explained that Rs. 6.700 million will be recovered by 20% pension benefits. PAC DIRECTIVE

The Committee took serious notice of exoneration of responsible officials and directed the PAO to look into the matter personally, effect recovery and submit report within six weeks.

6. **PARA NO.5, PAGE NO.56-57 (PESCO) AUDIT REPORT (2002-03)**

CONTRACTOR

ACTIONABLE POINTS

Actionable points arising out of the discussion of meeting of PAC held on 28th February, 2018 while examining Audit Reports/Special Audit Reports for the year 2002-03 pertaining to Ministry of Water Resources (WAPDA) are given below:-

AUDIT REPORT FOR THE YEAR 2002-03

**1. AUDIT PARA NO.1 (GBHP), PAGE NO.66-67 AUDIT REPORT (2002-03)
NON DISPOSAL OF TEMPORARILY ACQUIRED LAND COSTING RS. 977.87
MILLION.**

Audit pointed out that PC-I envisaged acquisition of 3,440 hectare land at a cost of Rs 1,809.91 million for the Ghazi Barotha Hydro Power Project (GBHP). This included 1,640 hectare land for temporary acquisition for spoil banks at a cost of Rs 977.87 million.

As per Resettlement Action Plan 1994, temporarily acquired land was to be sold back to the owners before June 2000 to yield the revenue. According to Clause 5.2.2 of feasibility report Vol-08, acquired land was to be sold back to the farmers on the same rates after levelling the soil. The project authorities failed to re-sell this land as per plan.

PAO informed that NOC from Punjab Government was required for re-sale of the land. Despite several reminders no response received from Punjab Government. Now NOC has been received and land will be returned back.

PAC DIRECTIVE

The committee settled the para subjected to verification of record by the Audit.

**2. AUDIT PARA NO.10, PAGE NO.76 AUDIT REPORT (2002-03)
UN-NECESSARY PURCHASE OF PAVER ASPHALT ROAD FINISHING

Since maintenance of the roads was responsibility of the contractors, these machines remained unused resulting in an un-necessary expenditure of Rs 14.199 million.

PAO informed that despite two attempts the machine could not be disposed off due to low bid received than the reserved price. The management requested to allow more time for the disposal of the machine.

PAC DIRECTIVE

The committee directed the PAO to hold inquiry fixed responsibility, take action and submit the report to Audit/PAC within 30 days.
